RHODES!

To Mrs. Lisa Taylor,

Hi there! Well schools almost over and it went by super duper fast!! Doncha think?
I'm really glad we got to be great friends this year because you're a super crazy, funny, nice, sweet, pretty (etc...) person. I hope someday that you meet John and you two fall madly, passionately in love. I know someday you two will meet. Even if you don't fall in love, it's enough!

So, what are you gonna be up to this summer? Well we have to go places. I hope your parents (pops) will let you come over & go places because this summer will be boring if we can't do all the crazy things we usually do!!

I know that someday you ~~will~~^{will} meet the perfect guy because you're such a individual kinda person. There's no one like you!! It's been a pretty awesome year. Especially with you around to make things

WILD!

I hope that I graduate in '86 so we can graduate together. (I better do better in school hah?) We're gonna be jammin' juniors next year so people better WATCH OUT.

I wish you all the best in the future and I hope you have a great life (w/ John)!!

Don't ever change and don't ever forget me, (I'm too special - hahaha). K. I T in the future years to come. o/c? Friends forever

SEASON OF CHANGE- While our memories may regard Independence as a constant, 1983-84 will stand out as our Season of Change. Our direction has become re-focused as students, we have recognized a new attitude one that makes us aware of how important our

dedication to our school must be. The academic foundation IHS has given each of us in best seen perhaps only after we look back at the goals we've set out for and how we have met these goals at IHS. Ourselves as a community, we have made more strides in dedicating ourselves to achievement. The rededication to commitment has been just one of the

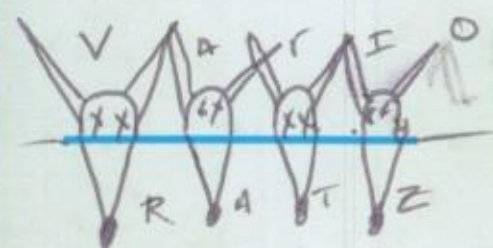

positive efforts of our principal, *Mr. Arvel Clark*. Under his direction, each student at Independence has had the chance to take full advantage of the academic opportunities available at IHS. Students realized that while the villa names may have changed the spirit of Independence did not. New faces in all of the administration offices was a signal of progress

and benefitted students in many areas. Changes also affected the production of the **American**. For the first time, an advanced commercial art student, *Tom Vallance Jr.*, was selected as yearbook editor. More commercial art students were used in the design and layout of the yearbook this year. Each reader will see fresh ideas in the "new look" of the **American** and

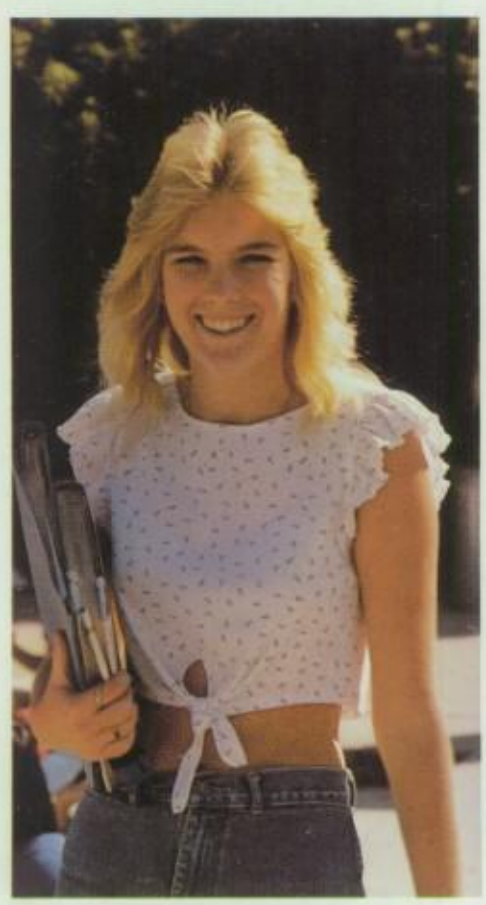

hopefully will regard the eighth edition as a remarkable memoir. Independence's pride and spirit are everlasting and yet evolving. The **American** staff has recorded for us all the hope, fulfillment and success of our **season of change**. We hope you will share in our pride and remember we considered it an honor to record the 1983-84 academic year of Independence

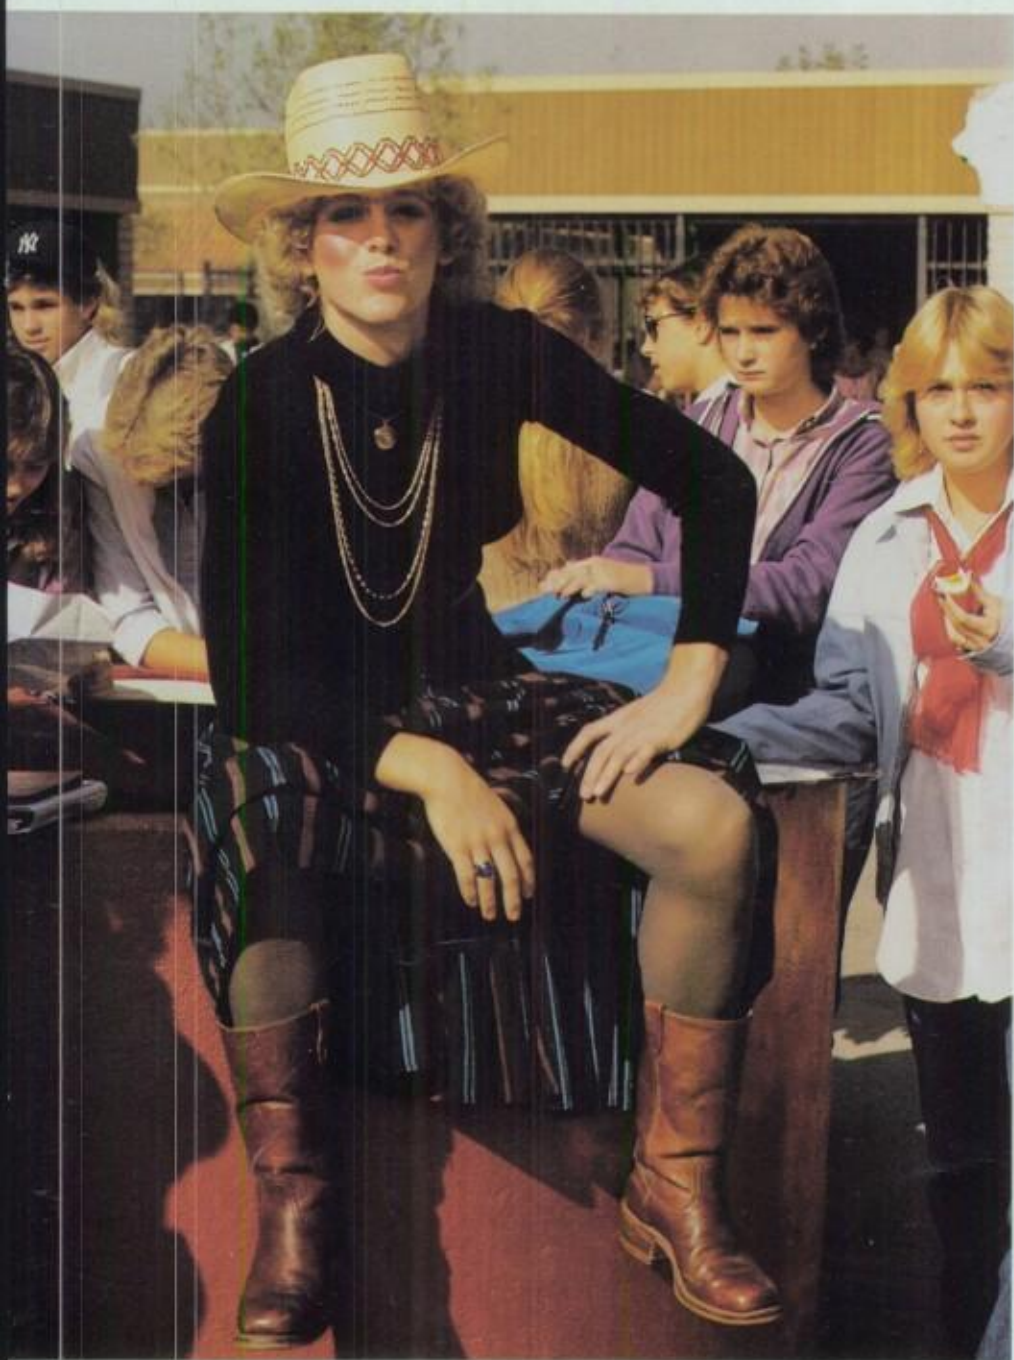

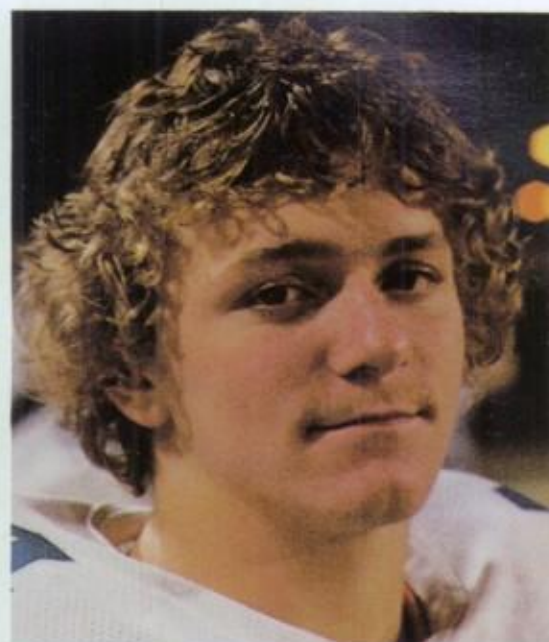

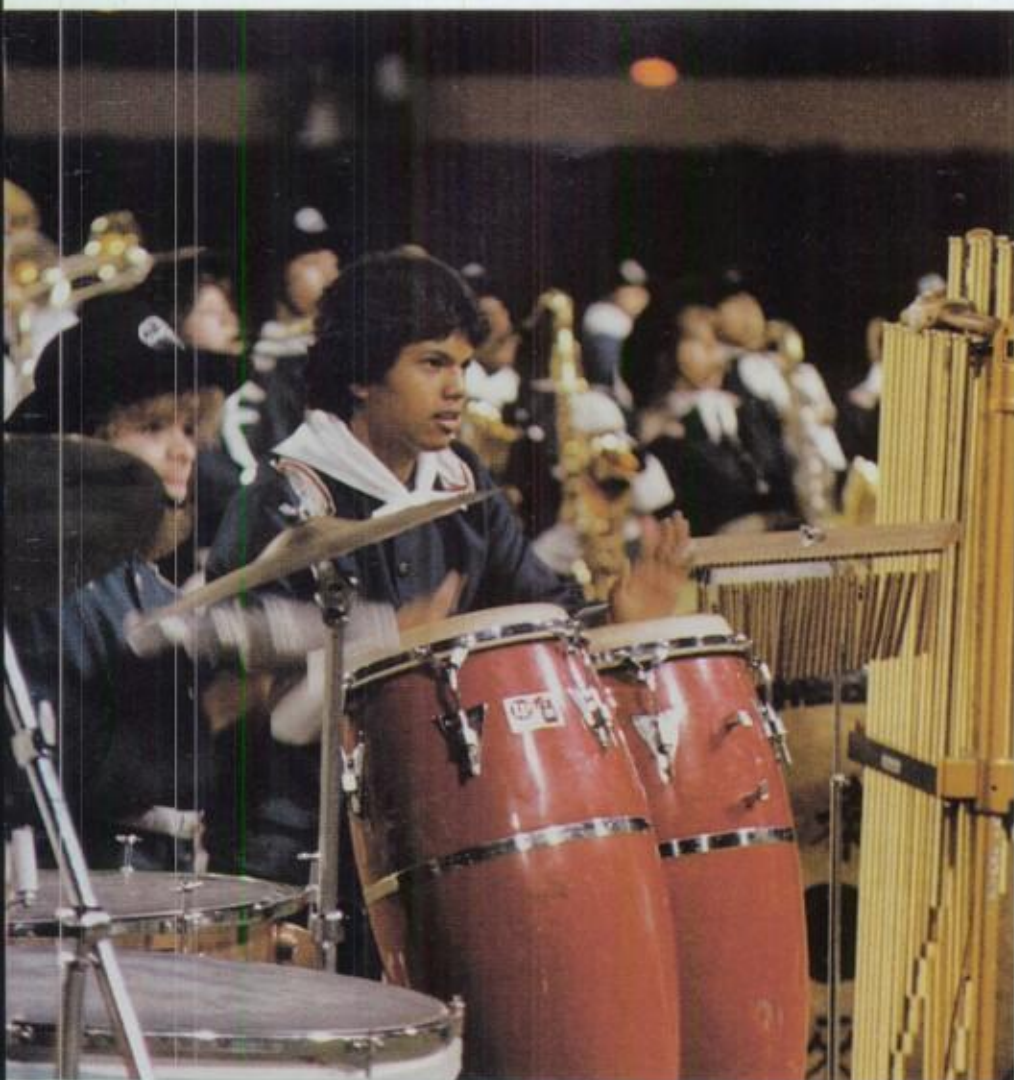

High School. *CLOCKWISE - 1) Do I appeal to you? 2) Seniors! 3) Prowd to be a 76er! 4) 76ers showing their spirit 5) Happiness is always acceptable!*

To Lisa,
A cute girl I met & safety ed.
It was fun having you in my
class hope to see you next
year. Have a great summer
your friend
Andy

ORIGINALITY- Independence High School has demonstrated more than once its uniqueness and **originality**. The clock tower which has stood in the middle of our campus and watched students flock at its base during break and lunch is a prime

example of **originality**. For this tower has no clock. Rallies held throughout the year bring people together and raise the spirit of everyone. No matter what the occasion, people, in an effort to show spirit, usually dress with strange and weird clothes and hats. Independence's student body could be described as original being that it is

mixed with people from every possible culture. This **originality** makes for one of the largest student bodies in the nation. **CLOCKWISE—** 1) Keeping up with the studies? 2) Oh, look! Woodstock left something on my valentine! 3) 76'er Calvery Band's Babaloo. 4) Hi mom! 5) I like to hold - my hands. 6) Baby, that's what I like! 7)

Carolyn and Robin; Spirit with style! 8) Ah, welcome summertime!

UTGOING is the word that describes the kind of students that IHS is made up of, willing to accomplish goals that are set before them; Bold and courageous to be the best. As seniors we look back on our awards of being number one. As freshmen we see the reputa-

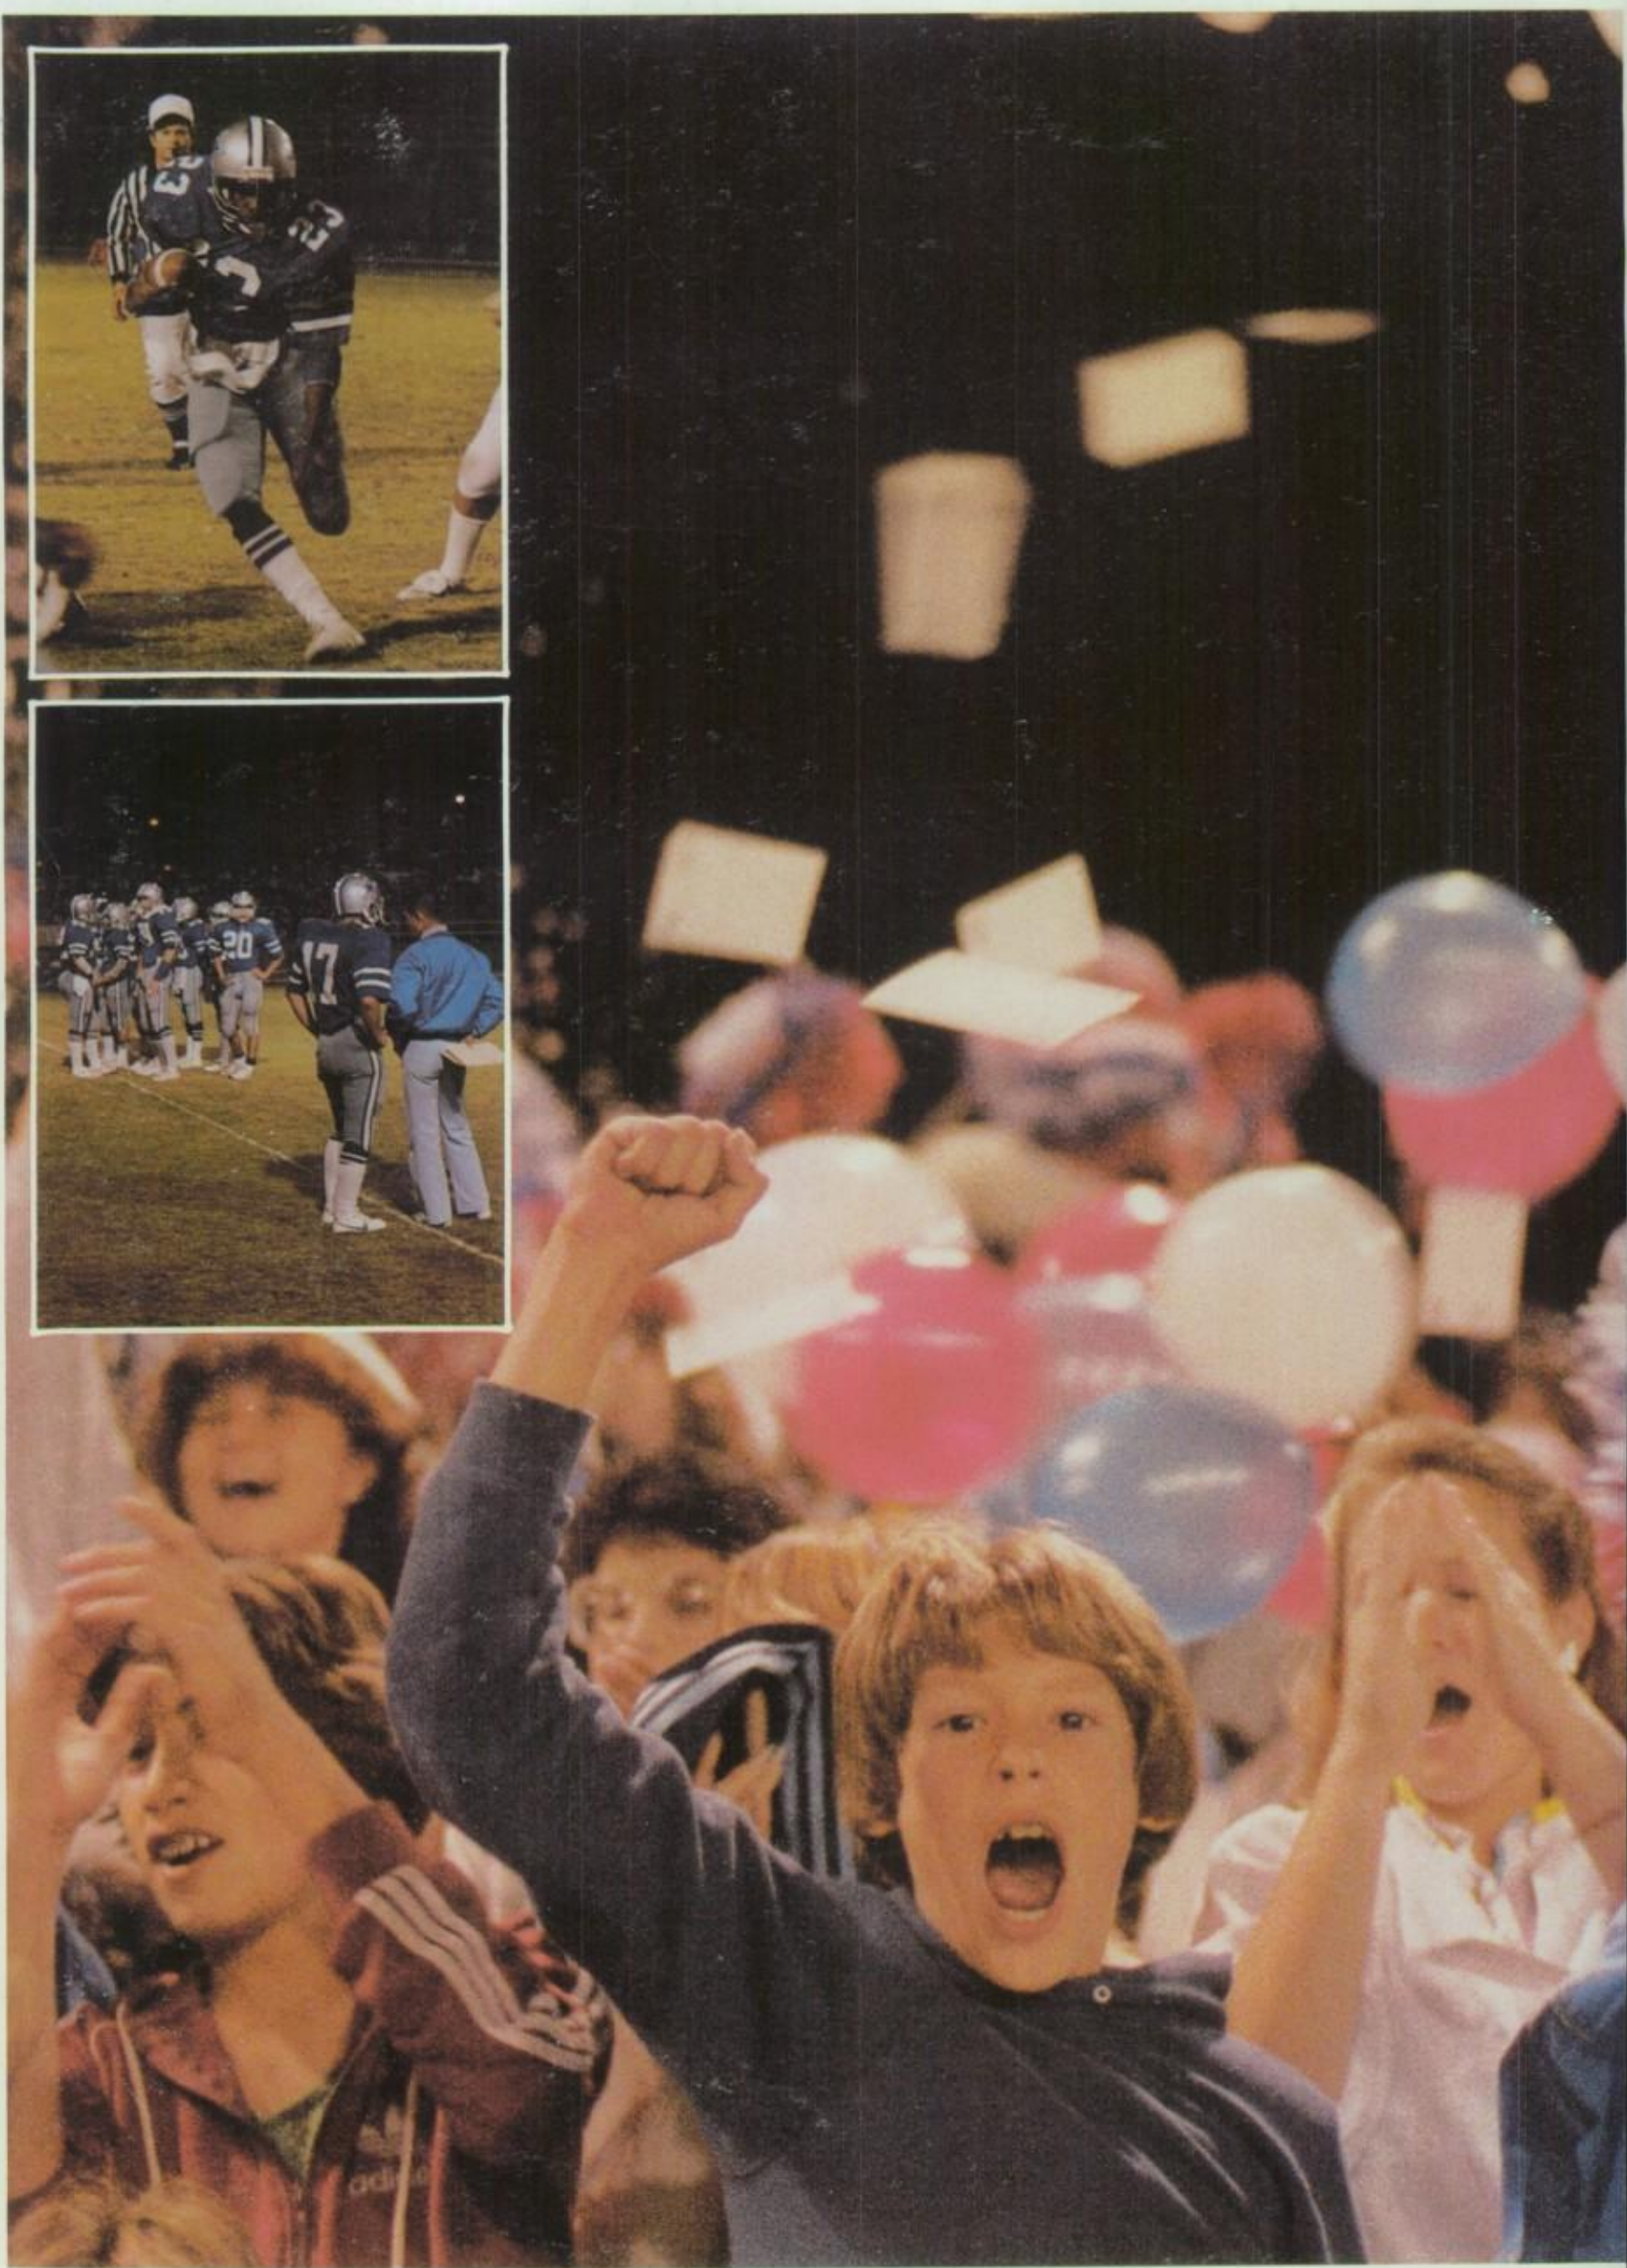

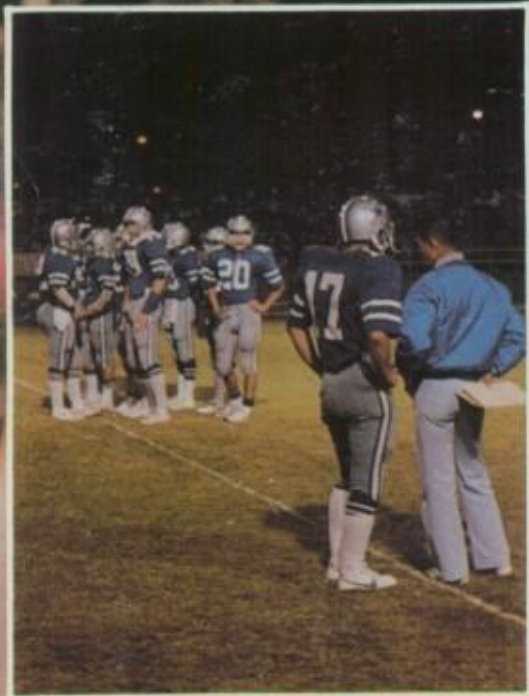

tion of IHS and want to keep our school at the highest potential ever. This enables us to go after what we want for our school and for ourselves. *CLOCKWISE - 1) This smile only cost Daddy \$2,000! 2) What the heck is this? 3) The Osmonds on campus! 4) Caught in a time warp 5) Anonymous 6) Say cheese 7) Like my hair transplant?*

SO: Lisa

to a nice girl that

luck with John Taylor

LEADERS- Determination, dedication, and a lot of hard work are the makings of a good leader. Each year Independence produces many leaders who will go on to show the world what Independence is all about. These are all promising leaders who will soon take on

the world. Independence trains these students to strive for the best though there may be many hardships along the way. These students have shown responsibility and pride in what they do. These are the future leaders of America. *CLOCKWISE - 1) Pro-ball, here I come! 2) Oral support! 3) Minny gets mugged! 4) And the answer is $E=MC^2$ 5) Run, sixers*

run! 6) Alright, Brent, this is what I want...

ARING- is defined as bold, fearless and adventurous. Daring is being the first to be different, being a non-conformist. At IHS, examples of daring can be found everyday. People's appearances, attitudes, and personalities are looked upon by others as daring. Dar-

ing is also defined as courageous. Independence is full of daring students striving for the best. *CLOCKWISE - 1) Siamese Twins 2) New Wave Friends 3) She wears sport shorts . . . 4) Strutin' our stuff 5) Like what I got? 6) An apple a day keeps the doctor away 7) Jammin' on sax 8) I need glasses*

LAMOUROUS- That special magic wrought in our high school years, and the glory of being with our friends, has woven a spell of glory for each and every one of us. Sharing this spell with others has made us GLAMOROUS. To be glamorous is hav-

ing glamour. Glamour is a spell; enchantment; charm; magic. Glamorous is to show glory and brilliance, but most of all it is to shine out from among the rest. Independence is full of students who care for each other. We are like bright gems that shine out from among the other high schools, we are glamorous. *CLOCKWISE - 1)*

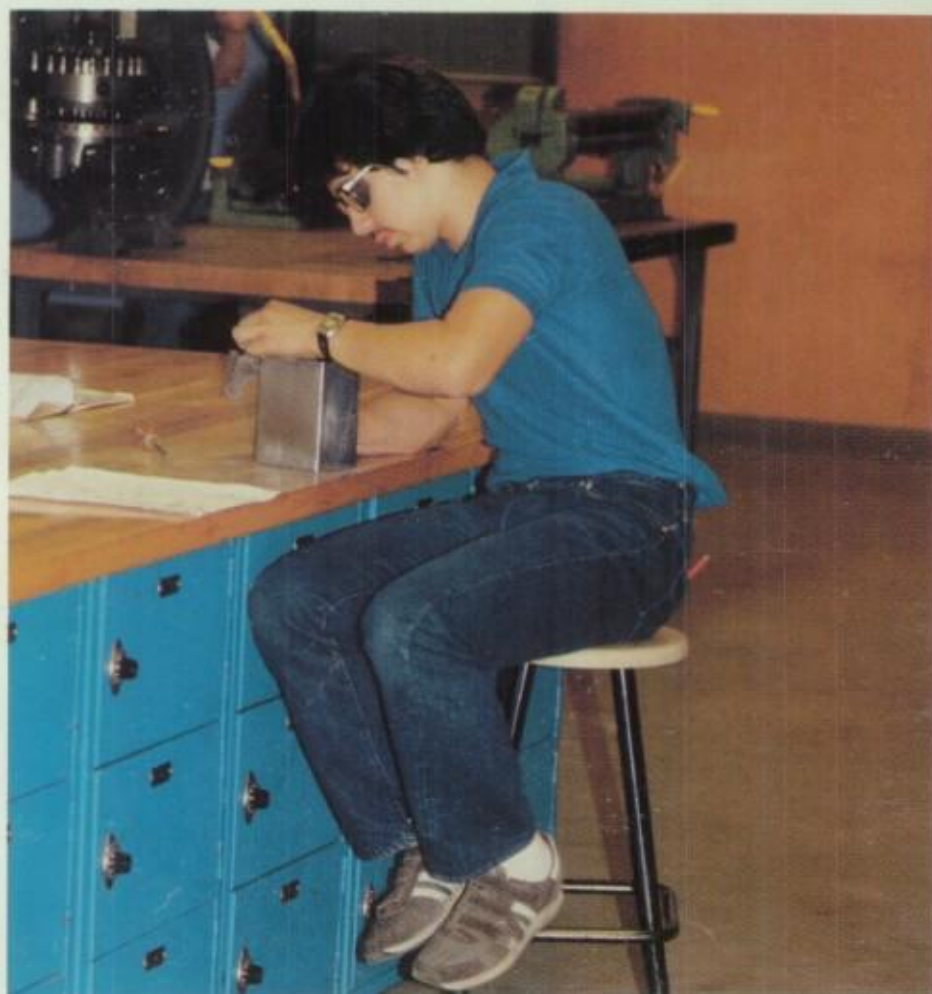

Lunch on the green 2) In the midst of a creation 3) Hello there, big boy! 4) Hail, Ceasar! 5) Fashion design of I.H.S. 6) Prepared to study

RIDE- is a word with which all Independence High School Students should be well acquainted. Being proud of who you are and what you stand for is part of being a Sixer. Pride is going home after playing in a close

game, win or lose, and knowing that you gave everything you had to help win the game. A true Sixer is proud of himself and his companions no matter what the outcome. Pride is being part of one of the largest student bodies in the United States. Pride is going to a high school with more to offer than many colleges in America. Pride is the feeling you get when you've

worked hard for something and got it. Quite simply, pride is being a Sixer. **CLOCKWISE** — 1) Brace Faces! 2) Baseball players never carry purses. 3) Ray your such a funny guy! 4) Snoopy sings her heart out "ARFF!" 5) Siss, boom bah! IHS Cheerleaders? 6) I.E. gives students opportunity to work developing special skills.

EDUCATION- Through a season of change, Independence High School has kept its spirit and its specialness with the help of a special friend. While changes at IHS have been positive, we are grateful for one persons steadfastness. We would like to recognize his care

and love for Independence by focusing upon the trust and respect he has earned from us as members of the student body. Mel Goertz has seen to it Independence has progressed and become a trend setter for many policies and innovative ideas on our campus. While he has continually challenged us to forge foward, he has remained a constant for the students

at IHS. In seeking to be fair to each member of the Independence High School Community. He has given countless hours to insure students would be able to take advantage of a quality education. While overseeing the majority of the extracurricular activities, Mr. Goertz met the challenges of an incredible active student body. He has become a fimilar face at all

campus activities, be it an assembly, the junior prom and sports activity or theater production. Because of his care for individuals, balanced with looking toward benifits for the Seventy-Sixers Body as a whole, the 1984 yearbook staff gratefully acknowledges his most previous gift to Independence- his dedication and service to IHS for the past eight years.

Editor's Page

 At the end of my Junior year at Independence, my Commercial Art 2 teacher, Mr. Paul Ender, asked me if I would like to take on the responsibility of being the 1983-84 yearbook Chief Editor. I was flattered at the compliment he gave me by presenting the opportunity. Little did I know about the responsibilities I had to take on! With the help and cooperation of the entire Yearbook Staff, I was able to create new

ideas, arrange a productive system and atmosphere, and apply my Commercial Art skills and design ideas for the "84 AMERICAN". The staff members were able to use my instructions and their input to enhance the yearbook's appearance. The Section Editors, the Photographers, and the Production Section Members all devoted 200% of their help, skills, and ingenuity to create this incredibly outrageous, 1984 American Yearbook, for everyone to remember Independence High School by. I, personally, would like

to thank and congratulate the INDEPENDENCE HIGH SCHOOL, 1983-1984 "AMERICAN YEARBOOK STAFF" and my Advisor, MR. PAUL ENDER, for your devotion, creativity, and dependability in helping set new standards, goals, and records in being "THE BEST"! SPECIAL THANKS TO: Mr. Ender, Mr. Bernucci, Mr. Goertz, Mrs. Williams/ and the Newspaper "Liberty" Staff, Mr. Les Peterson, Mr. Ernie Umemoto, Mr. Eric Gammill, Mr. David E. Daniels (DED), Mr. Mark Cochiolo, Miss Colleen Knoth, Miss

Samantha Newell, Miss Cathy Gillespie, all my friends, and especially Miss Jeanine Slater for your support that you have given to me!

FOOTBALL season for the 1983-84 year has been a successful one. Indeed, the powerful **Sixer** team did not win the league championship. But a lot of teams in the M.H.A.L. will not forget that tough opponent they met with, **THE SIXERS**. The team played well with only one loss to Oak Grove.

There were many highlights this season that ended in good tone also. The Sixer team *pounded* Piedmont Hills in the homecoming game with the score of 48 to 21, pleasing a large homecoming crowd. Another highlight was running back **Andre Riley's** performance of the season. He was voted to the first team all-league and also voted the MVP of the M.H.A.L. He wasn't the only highlight. The *whole* Sixer team was a highlight in itself. They played with **Pride and Spirit**, and never persisted to give up. Their pride took them through the season and to the C.C.S. playoffs. There they played a tough game at seaside and lost by only one point. This year's Varsity Football Team will not be forgotten!

F **ROSH/SOPH** championship football is a tradition at IHS and 1983 was no exception. Putting in months of grueling work, these dedicated young men were determined to land *another* championship for Independence. That they did, with an overall record of 8-2, and an MHAL record of 8-1.

-Coach Black

Although the team was talented, it could not have been what it was without the *excellent* coaching of Robert Black and Bob Arellano. Without them, the entire team and season would not have been as successful. With cooperation, dedication, and hard work, we certainly proved that we deserved to be the MHAL champions!

ROSS COUNTRY team was the greatest one in IHS history. The team was led by Captain **Joe Rancadore** and Co-Captain **William Dudley**. Their leadership and dedication helped the team to an 8-1 league record and second place in MHAL. They won MHAL finals beating league champions, Overfelt. In Region III they beat Overfelt again but missed going to CCS by 13 points. **Paul Bragg** was the only Sixer to go on. Sophomore sensation **Anthony Smith** took third in league. Also running outstanding were seniors **Jose DeLeon** and **Julian Palomino**, junior **Mike Licalsi**, and freshman **Jose Ramirez**.

TENNIS team had a terrific 13-2 season. This record was good enough for a Northern division title and a second place MHAL finish.

Team captains **Lori Miyahara** and **Sandia Yu** led the Sixers with their spirit and enthusiasm. Boasting the best singles match record was junior **Lynelle Lee**, while boasting the best doubles match record was the sister team of **Nicole** and **Sonda Giles**.

Overall, the tennis team was pleased with their match play. However, next year the Sixer squad is looking for that *elusive* MHAL championship.

ALLIES- First sport rally kicked off a year sparked with enthusiasm. **Sixers Spirit** can be found at its best during this rally — the class of '84 welcomed a cautious incoming freshman class with cheer for the *Class of '87*. The frosh were soon to realize the power of the ASB — the **76ers** are an awesome force dedicated to supporting the football teams and other fall sport. Mr. Arvel Clark shared his goals with the students and staff in order to challenge them with expectation of the season of change. With horns blaring, the *76th Calvary Band* gave the Sixers the music and fine performance it is known for. The *Spirit Squad* directed cheers, the hard work they put in toward an energetic performance was evident by their precision in each routine. "Most people do not realize the time and effort that the squad gives to each activity. Organizing Spirit Week alone takes many hours of deliberation," commented Monique Rodriguez. Yet with each assembly that hard work was evident — this year's *Homecoming Rally* gave each member of the ASB another opportunity to voice support for the Home of the **Seventy-Sixers**. Each member of the alumni can be proud of the fact he can return to a school that even with change, remembers individuals who love the school and further **Sixers Spirit**.

B AND

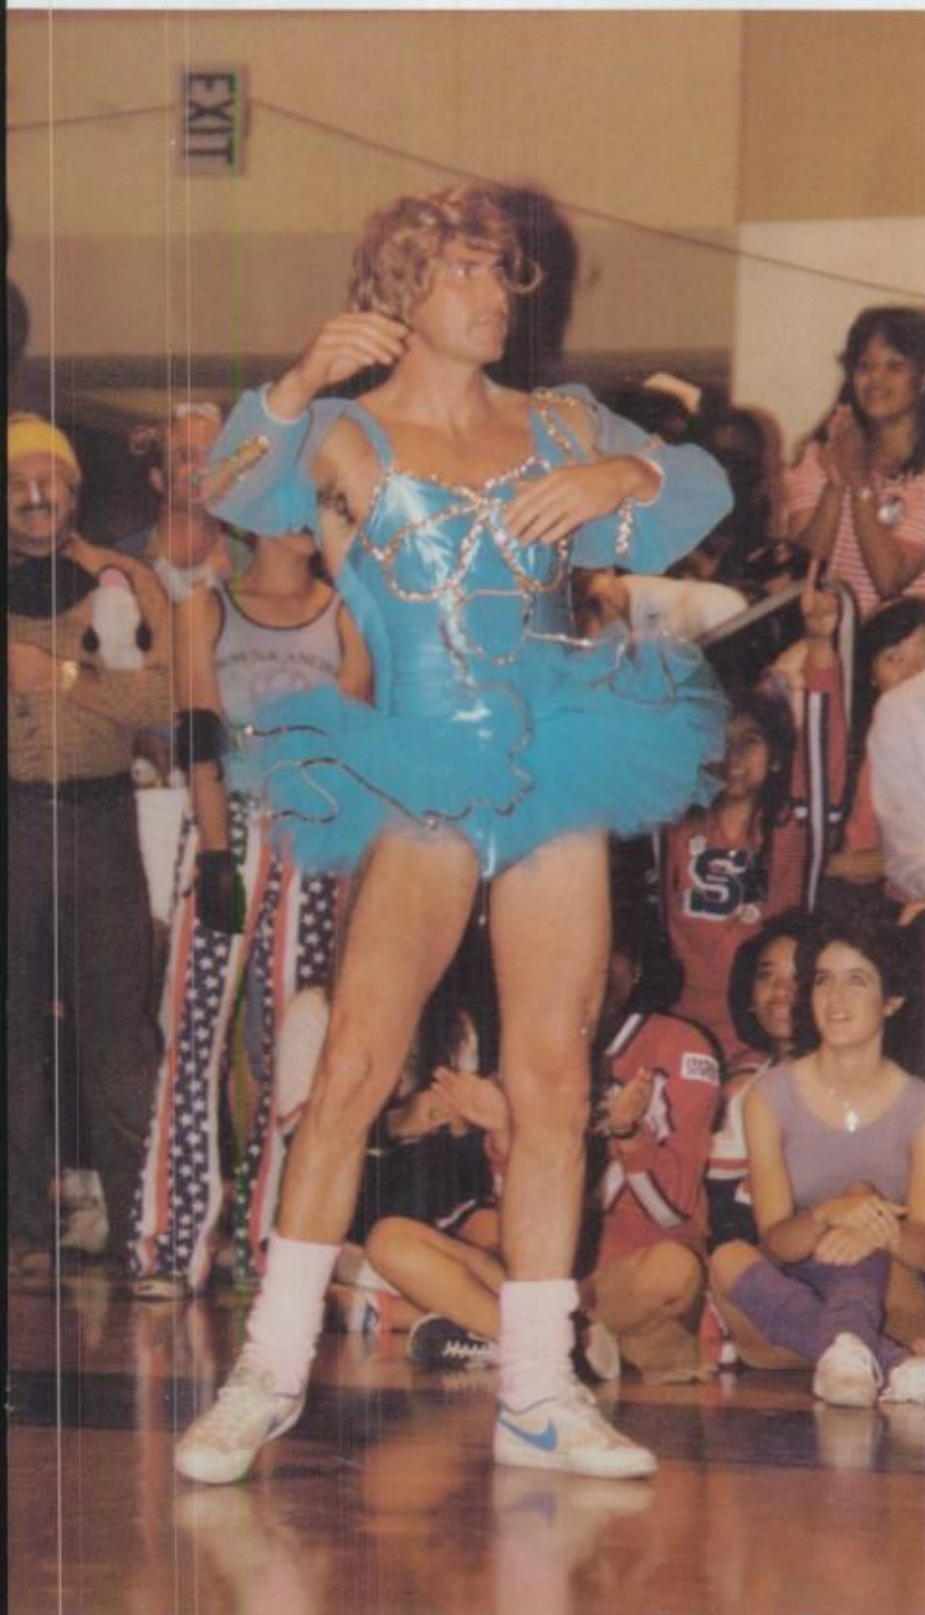

ANNE FRANK-

For the past four years, sophomore English classes have been introduced to **The Diary of Anne Frank** and the horror of the holocausts through two very special presentations. The planetarium presentation of **Anne Frank** was an concept developed by *Mrs. Helen Williams*' II A class. Student wrote a script to accompany a slide presentation backed up by special music to highlight several scenes from the play. Each theatre has used outstanding actors to portray the major characters and bring to life the last days of eight Jews in Europe during World War II. Under the direction of *Miss Kathy Bullock*, the following students made Anne Frank a reality for twenty-two performances: *Gina Mondra*'on (Anne), *Nancy Smith* (Mrs. Frank), *Mathew Lindstedt* (Mr. Frank), *Ken Wells* (Mr. VanDean), *Liz Duncan* (Mrs. VanDean), *Jon Larios* (Peter), *Blaise Bartell* (Mr. Russell), *Sarai Morales* (Miep), *Robin Henderson* (Margot). **Mrs. Edna DeVore** played a key role in the developement of the program as well as its implementation each year. The planetarium gives a "little theatre" atmosphere to the production and the special effects of the slide show and film used during the 50-minute presentation. Another set of special Presentation about the holocaust were made possible by *Mrs. Leinbach* of American Hall. She coordinated special speakers from the National Conference of Christians and Jews that included discussion on the development of Anti-Semitism and Cultural prejudice, roots and growth of Nazism. A BBC videotape, "*Genocide*" was shown and Anne Tieger, a survivor of eight concentration camps spoke about her terrible ordeal.

Activities

PIRIT WEEK was kicked off with an assortment of goblins and ghost on halloween. *Tuesday* was the official day of hats and t-shirts. On *Wednesday*, athletes were ready to enter the wild world of sports. *Thursday* called for a display of individuality among the classes: Seniors-togas, Juniors-50's, Sophomores-an exchange of sex roles, and Freshmen-western. *Friday* was the finale, with the gym filled with an ensemble of Sixers dressed in **red, white, and blue**.

Along with the bizarre costumes, a variety of bizarre events took place. A teacher auction was held where students dug into their pockets to buy the teacher of their choice. The Varsity Football Players were guarded by Spirit Squad members who claimed to be their guardian angles for a week.

Spirit Week is the unique week of the year where the entire student body as a whole can demonstrate their school spirit and create lasting memories.

PIRIT WEEK

HOSTS, goblins, witches, even Yoda and E.T. are all in the makings of Halloween. Evils lurking behind every corner and shadows mysteriously changing forms all help to set the eerie mood.

For IHS, Halloween definitely marks a change. It gives the students a chance to let their imaginations run rampant, and usually means that Spirit Week is just around the bend.

Tricks and treats become a part of everyone's day as Halloween draws nearer. The festive, wild atmosphere usually spreads quickly around the campus. It is a time to be crazy and show your school spirit.

Activities

OMECOMING-

Many people eagerly await **Homecoming**. It is one of the most emotional experience to watch the crowning of the prettiest lady and handsomest gentlemen; to see the radiant smile behind the tears of joy; to cheer on to victory a top-ranking football team; and to end it all in an overcrowded booth eating pepperoni pizza.

And after it's all over, all we have left is memories, which we carry with us forever. It is up to us what we make of our *Homecoming*. It can be one of the most memorable times of our high school years, or it can be something we forget tomorrow. Independence has never forgotten its Homecoming.

1983 is no exception. **William Dudley** and **Samantha Newell** were chosen for this year's *king* and *queen*. Keeping with the winning tradition, the **76ers** defeated Piedmont 48 to 21, and the band displayed it's talent at half time.

ADIE HAWKINS dance was IHS's first of the '83-'84 school year. It was sponsored by the Spirit Squad and ASB. Providing the music for this year's Sadie Hawkins was *Cosmix Sounds Productions*, a dee-jaying group made up of three gentlemen from IHS.

It was apparent that many ladies overcame their nervousness and asked that special guy. It showed in the large turn out.

Once again this year, Marryn, Sam (*Mr. McDonough*) was hitchin' couples, and pictures were taken by *Mr. Bernucci*. This year's Sadie Hawkins dance was one of the most successful dances at IHS because of the larger than expected showing of spirited Sixers.

OU'RE *A Goodman Charlie Brown* was a delightful and humorous musical, with a radiant cast who have dedicated themselves to the education of young people. The production was one of this years box successes with three entertaining shows.

This year's cast consist of: *Mr. Welch* (Charlie Brown), *Mr. Aguiar Williams* (Lucy), *Mr. Gonzalez* (Linus), *Mrs. Sanchez* (Woodstock), *Mrs. Amoble Chunn* (Snoopy), *Mrs. Glance* (Sally), *Mrs. DeVore* (Patty), *Mrs. Dependahl* (Marcy), *Mr. Wendel Bradley* (Pig pen), *Miss Castro* (Violet), and *Mr. Wiess* (Schroeder). The direction of the production was under *Miss Bullock* and producer *Mr. Rogoway*.

The cast has had much enjoyment presenting the musical, as the audience had watching it. All proceeds went to benefit the IHS Student Scholarship Fund.

Lisa- This is your only chance to see me in bobby sox and glasses! I hope you had a worthwhile year. Enjoy your summer. May you dream of Duran Duran every night.

DISTRICT ADMINISTRATION/BOARD OF TRUSTEES

DISTRICT ADMINISTRATION/BOARD OF TRUSTEES-Regulating the quality of education and assuring that each student will have the benefit of a positive school experience are the duties of the district administration and the Board of Trustees. Insuring that all staff members are dedicated professionals is another responsibility of the administration. Each board member recognizes the needs of the community and works to decide how each school will be directed. Giving every student from the *East Side Union High School District* a quality education to help prepare a responsible citizen for the community is the charge each member of the administration and the board members dedicate themselves to giving every student. H-BUILDING The "H" Building is where everything begins. Running the school are Mr. Arvel Clarke, principal, and Mr. Mel Goertz, assistance to the principal. Helping them in the building are people who help many students, enroll, transfer, get transfers, or get medical help. The "H" Building can also be called the brain of Independence.

LISA
TAYLOR

To Lisa,

Oh my god, I can't believe I am signing your yearbook. I am really playfully in love with you. Even though I know you belong to John Taylor. Shucks, J.K. But you have to be one of the prettiest girls that I know. Don't Blush. I know I really give you a bad time about your good looks, and I'm sorry, but I can't help it. I'm really glad that you were in my Science class because it gave me a chance to stare at you every day. What a privelege. Well you are a great person and I know you will stay that way. Hopefully you will be in a class of mine next year. Well have a great summer, and stay pretty.

AMERICAN HALL

I'm gonna change pages, whew!

A **AMERICAN HALL** went through some changes this year. First of all we have a new principal, *Mr. Morales*. He is doing a fine job in his new position. Along with this newcomer, there are some new staff members. *Ms. Norris*, along with old timers *Mr. La France* and *Ms. Saavedra*, do an excellent job in helping students. *Edna Maldonado*, a secretary for many years now, has been a pillar in keeping **American Hall** up and running. After settling down in their new villa, the new teachers started working with old staff members. They have now become a strong teaching unit and are something to be proud of. These people and other staff members have made this villa strong.

BICENTENNIAL HALL

plan on doing this summer? Not stay home huh? ➡

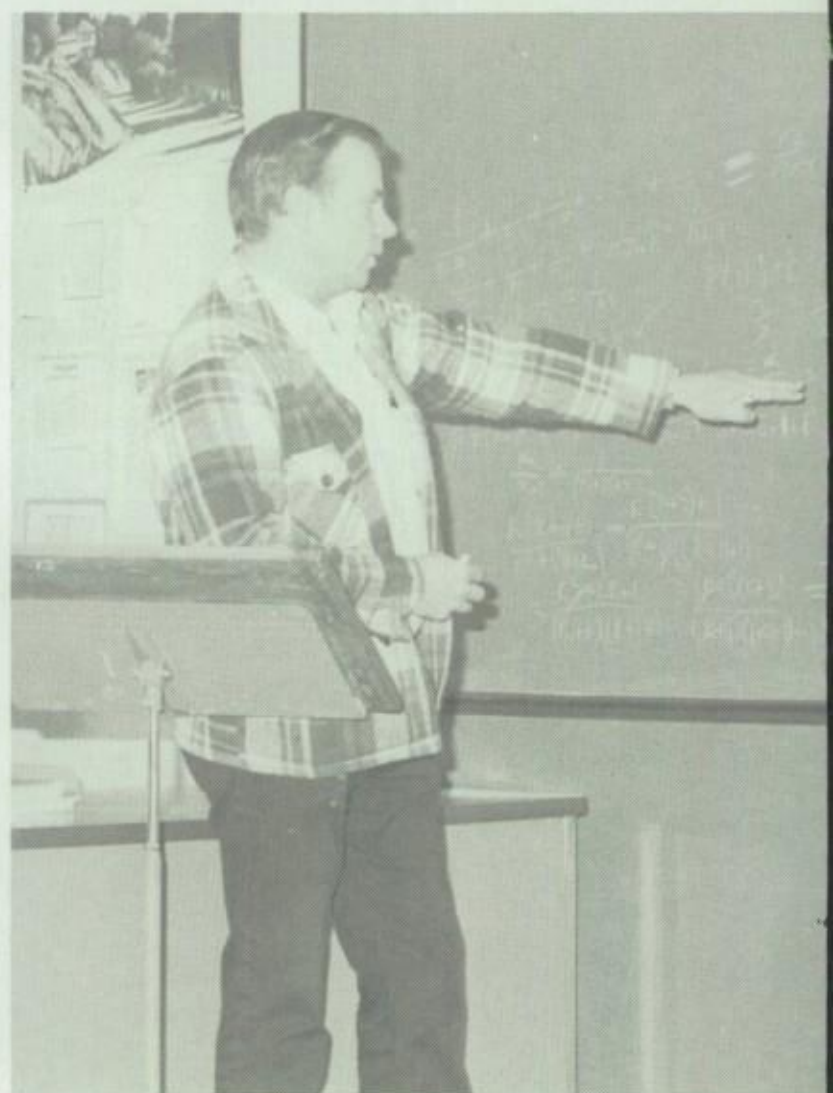

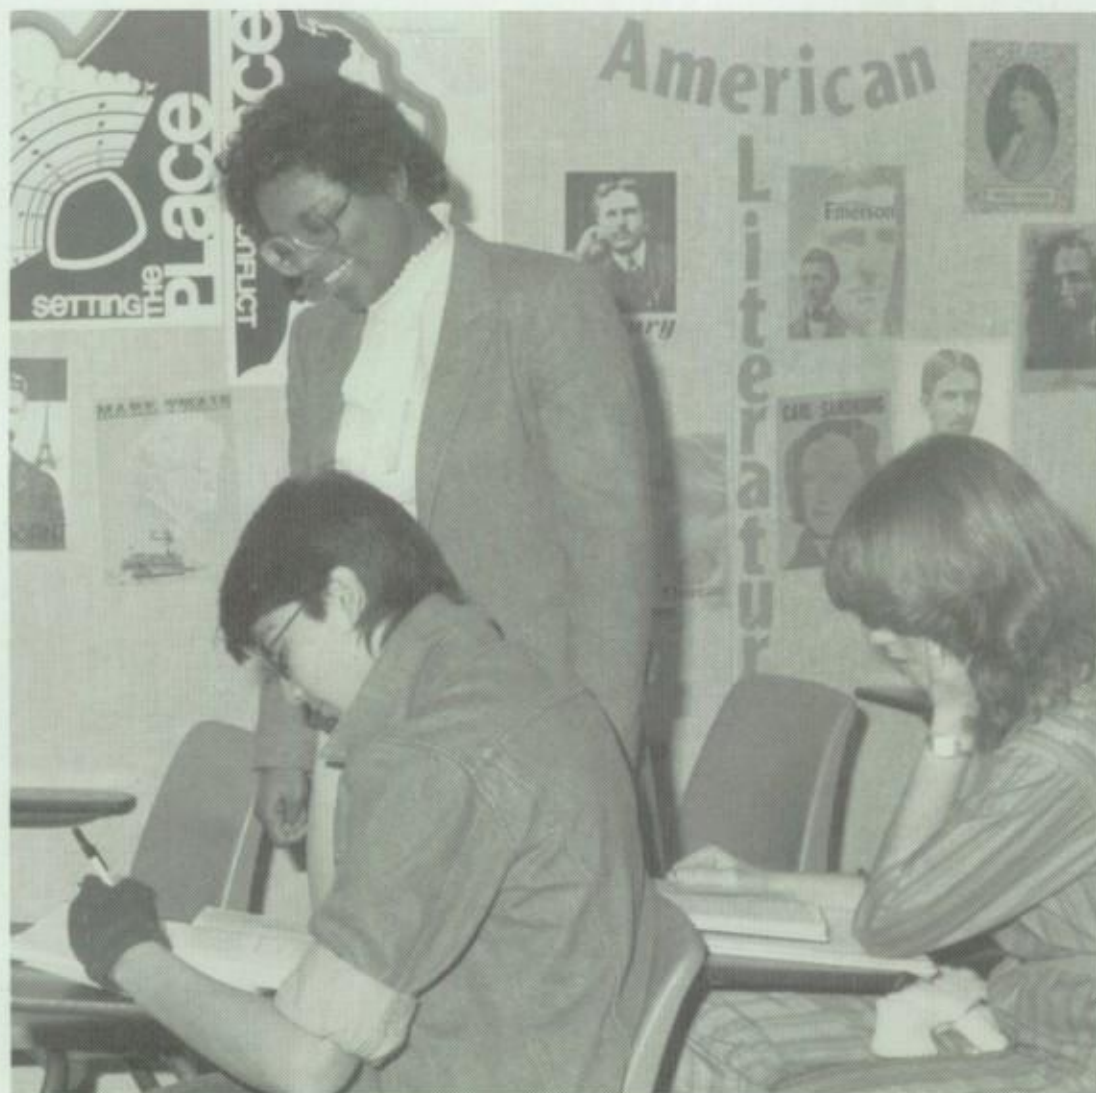

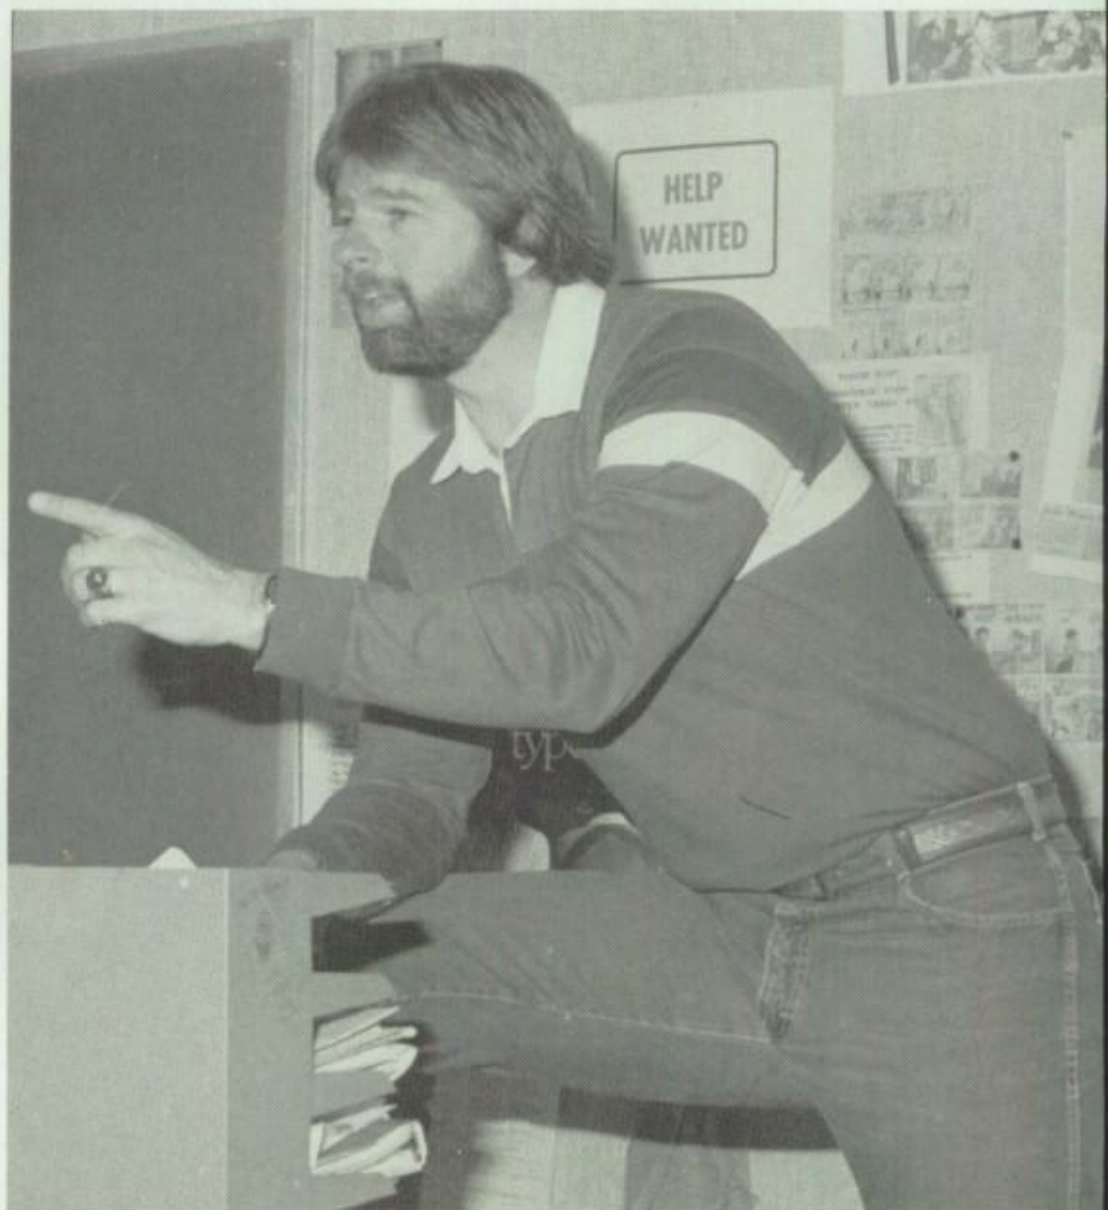

BICENTENNIAL HALL-

Bicentennial Hall has done much renovating over the past year, including the return of **Miss Giamona** as villa principal after a years absence while working at *Overfelt*. New staff members, new ideas, new standards, and a new name have combined to improve the villa even more. BH is greatly interested in the academic, as well as career goals of its students. The staff wants the students to enjoy school while striving for academic excellence.

DEMOCRACY HALL

D **EMOCRACY** HALL Out with the old, in with the new. That seemed to be the theme that spread across the I.H.S. campus. Democracy Hall underwent its own kind of changes. A new name and staff gave the villa a completely different atmosphere. "Everyone can and will learn"-a theme well chosen. Over the school year it has been applied not only to the students, but to the faculty as well. DH is always looking for ways to improve and make Independence a better place to learn.

TEACHER'S MOST

look at page 78 on the bottom left

T **EACHER MOST** The teacher's most page is to give certain teacher's recognition for their total commitment to their jobs and their students. The five teachers on this page have been chosen for not only doing their jobs well, but for giving their students their all. Unfortunately, many teachers deserve this award, but we can only honor a few each year. **Ms. Amable-Chunn** teaches dance and helps the young hopeful students become better dancers. **Mr. Black**, a Safety Education and Career Planning teacher, is a member of a faculty band, "Shaboom." **Mr. Dolan**, a teacher of drama and technical theatre classes, directs and helps run the excellent plays put out by I.H.S. students. **Mr. Mosley** takes time out of his busy schedule to keep the campus disciplined and talks to students about their problems. **Mr. Randazzo** works well with students in helping them to plan their careers. These are only a sample of the fine quality of teaching at Independence.

INDEPENDENCE HALL

INDEPENDENCE HALL Independence Hall has gone through a lot of changes this year. New faces, as well as new methods, have tightened campus security, maintained a more accurate record of student attendance, and taken stricter disciplinary action. Michael Gibeau is the new advisor, and has done a superb job in taking over such a demanding position. Together, the new attendance computer and he have succeeded in making Independence a safer and more enjoyable campus.

TOM GAUDIO, a mathematics teacher, does something totally different from his teaching career after school. He acts and models. Most of the modeling jobs he does are pamphlets for businesses, magazines, and catalogs. He has done four T.V. commercials, including one for Potpourri and another for Chevrolet, and plans on doing many more. He is involved with the local community theatre and recently had a small part in "My Fair Lady." When he's not busy acting or modeling, he umpires for a girls summer softball league.

TONY ZANOTTO, a Spanish teacher, does exactly one thing away from his school life. He part owns and runs two stores. These grocery stores are entitled Zanotos and are located in San Jose and Scotts Valley. They're family operated and owned by his father, Andy, and his brothers, Frank and Dan. Together they try to serve the freshest and finest produce to the public. Three times a week they go to a San Francisco market to get fresh meats and fruits. The San Jose store was opened 20 years ago and was the brainchild of Andy who asked his sons to join him. Consequently, the wives and children of the sons joined in and now have a thriving family operation.

P **AUL DOLAN**, a technical theatre and drama teacher, does professionally what he teaches. He has been acting since he was a senior in high school. Some plays he has done are "Cat on a Hot Tin Roof", "West Side Story", and "The Ritz" with the Los Gatos Theatre West, Saratoga West Valley Light Opera, and the San Francisco Victoria Theatre respectively. Various commercials he has done have been for Atari, Kerosun Heaters, and Roaring Camp Railroad. He has also done an industrial film for Varian Associates. Currently, he is working on a cable T.V. comedy called "Pink Dacquiris". While acting is a favorite hobby, his job of teaching is his first love.

KATHY BULLOCK, a drama and vocal teacher, does many activities after school hours. She has been with many local opera companies and has done everything from singing the lead roles to managing props and makeup. She also plays percussion in the San Jose State University and El Camino Opera's orchestras. She has had lead roles in most of the major musical comedy companies in the area. She has also sung in and directed several valley church choirs. Currently, she is working for her second B.A. degree in drama. She already has one in music. During the summers, when she's not busy with other projects, she gives voice and piano lessons and is a volunteer at the San Francisco Children's Zoo. She mainly works with exotic birds and goats.

CHRISTINA SOLARI, an English teacher, does an extraordinary thing when the school doors are shut. She is a psychotherapist that counsels families, groups, couples, and individuals. She does volunteer counseling for Institute for the Community as Extended Family (I.C.E.F./Parents Imoted). Over 70% of people who are molested or sexually abused know the people they are abused by. 4 nights a week she helps the victims and their families cope with the problems they are faced with daily. She also trains other therapists to be able to counsel people. She lectures at schools and universities about the importance of reporting the sexual abused or molested. She also talks about how one can help a friend who has this problem. Through all the volunteer work she owns a private practice in San Jose.

SCHOOL IMPROVEMENT PROGRAM

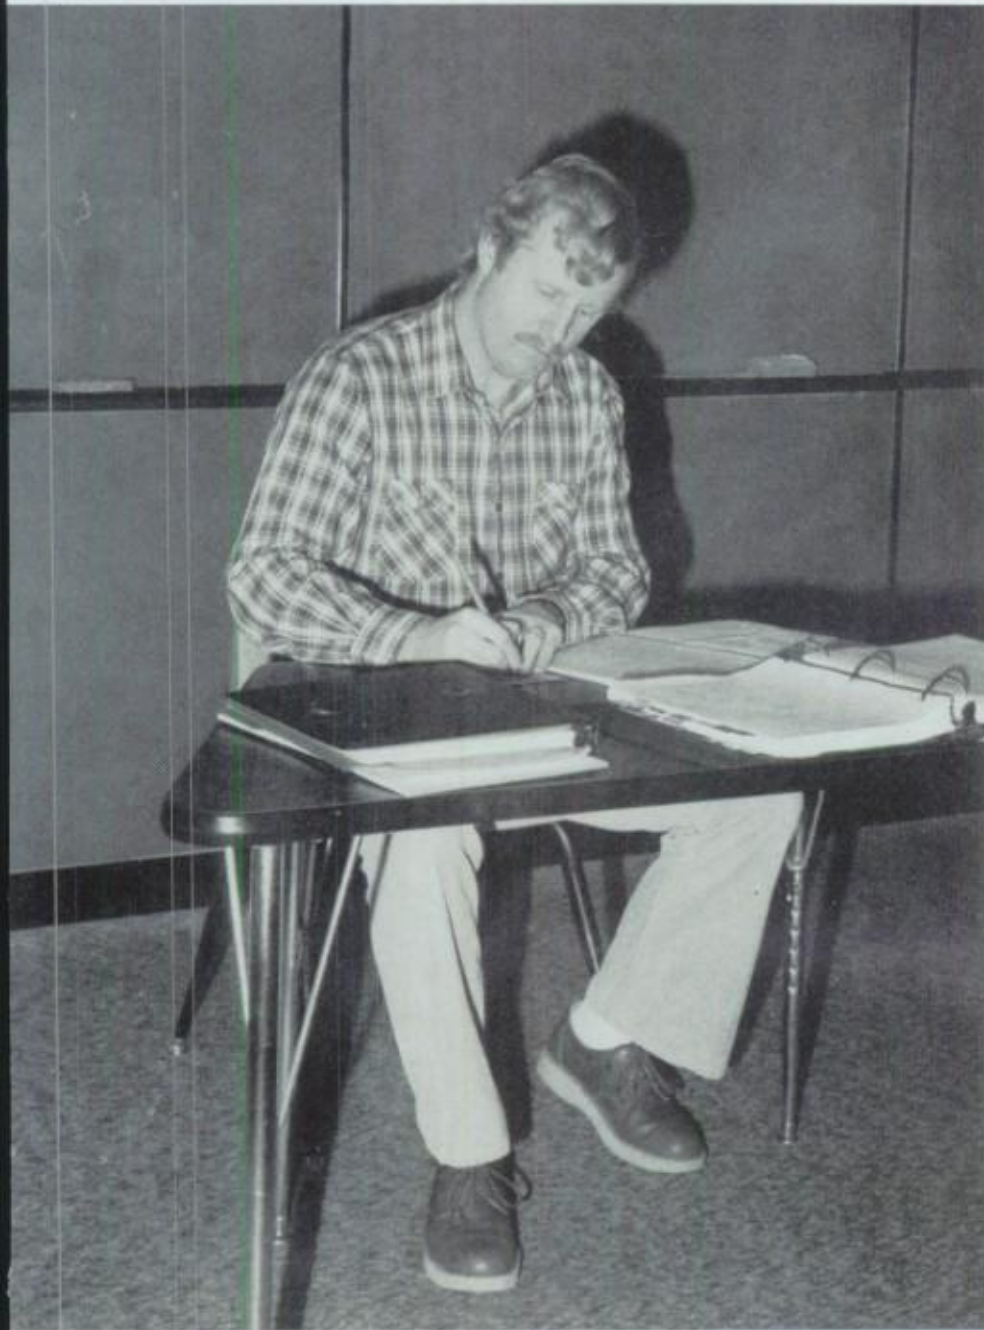

S.I.P. One of the main functioning components in the school, is the **School Improvement Program (S.I.P.)** coordinated by *Mr. Mike Welch*. The purpose of S.I.P. is to find and improve the area on, or in connection with the campus. In conjunction with S.I.P. is the **School Site Council (SSC)**. The **School Site Council** is comprised of 38 parents, teachers, and students, who together determine where S.I.P. funds go.

right? you know it! I hope we have a blast this

HEARING IMPAIRED

HEARING IMPAIRED As the hearing impaired program grows, they become more a part of I.H.S. They have many students and staff who have been and still involved in various activities at I.H.S., such as sports, theatre, academic clubs, after-school activities and this year we have a student who made National Honor Society. Listen With Your Eyes "We live in a world of sounds and from early infancy we learn by absorbing the noises and words we hear. But for the child born without hearing, there is a barrier of silence separating him from the world around him." Deaf Like Me by Thomas S. Spradley and James P. Spradley. Thanks to those who helped to break the barrier of silence by being supportive to our students and staff.

The program consists of *Special Day Classes*, *Severe Disorders of Language/Aphasia*, and the *Resource Specialist Program*. A student is placed in one of the following programs which best meets his needs. The **Special Education** programs goal is to provide a student with services that will aid him to continue to strive to overcome educational barriers.

I'm just sitting here waiting for CMC to come

CONSUMER HOMEMAKING

C **ONSUMER-** Here at Independence we are very fortunate to have our *Homemaking Education Department*. This department gives students the opportunity to experience homemaking skills as well as preparing themselves for their future. Good nutritional eating habits and cooking techniques are tools that are used in everyday life, and our *Homemaking department* is here to insure that you receive the best training possible. Also a unique opportunity for students to learn and work with young children. IHS students will learn new ideas and activities which prepare them for teaching careers and parenthood.

Faculty

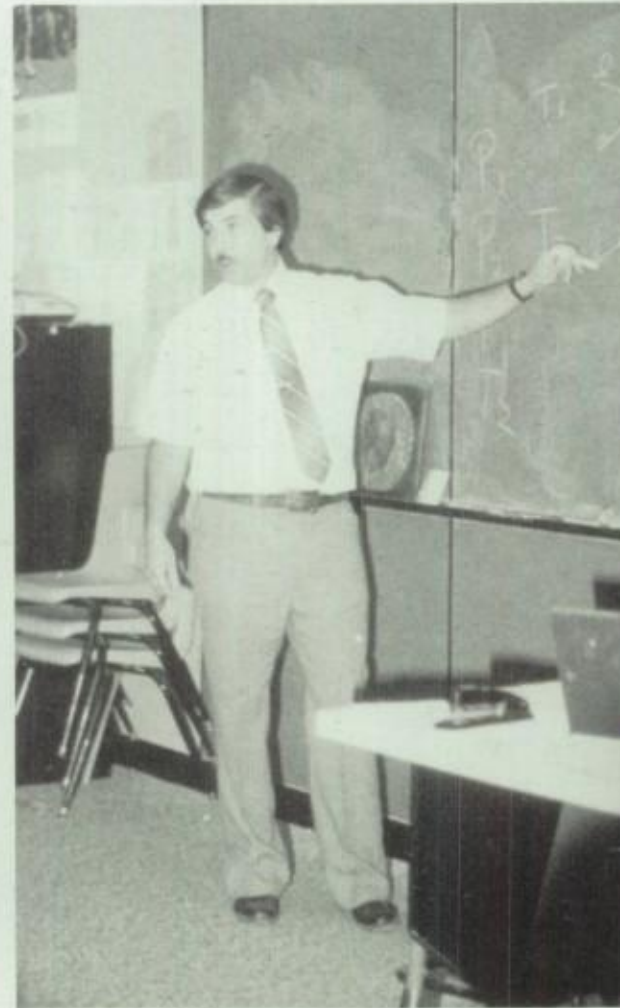

MATH/SCIENCE

Leda (my friend)

MATH/SCIENCE- Mathematics offers a variety of different classes as well as different levels. Whether you're planning on majoring in math, or just taking it as an informative, you can easily find the instruction most suited to your needs.

Independence is lucky to have so many extras in our Science Department. Things like the planetarium, science museum, advanced science equipment, and a park that provides visible science can all be found on or nearby our campus.

Records to get pictures? Well you should see

BUSINESS

B **USINESS-** Getting the basic lessons before entering the business world is what we can expect from our *Business Department*. Classes like typing, accounting, steno-typing, record keeping, office practice and cashiering and sales are offered to all students. However, these courses would not mean much if it wasn't for the great teachers. As one can see, the *business department* teachers contributed a great deal to the students of IHS.

CAREER CENTER

all the Duran books they got. They're

CAREER CENTER The Career Center is probably the most busiest place on campus. Every day there is a speaker, meeting, or class using the new Computer lab. The Career Center is kept running by Mr. Randazzo and Ms. Ponce. They are there all day long for anyone who needs help. The Career Center not only has speakers, it has a large selection of books and catalogs to help IHS students research career choices and many different colleges. The Career Center is the "hub" of activities.

PLANETARIUM

P **LANETARIUM** Because of its enormous size, Independence has been blessed with many extras. One of those assets is the Planetarium. At the Planetarium, students can enjoy anything from "Anne Frank" to "Cosmos", an astronomy program. Many of these shows are open to the public. The shows are run by Mrs. Devore with the help of many student assistants.

Faculty is so out played. Doncha think? Well

FOREIGN LANGUAGE

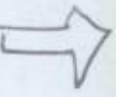

FOREIGN LANGUAGE- The IHS Foreign Language Department consists of eleven dedicated, hard working teachers. The classes include Spanish, French, German and Italian. These teachers spent many hours after school to help students with their work. Without these dedicated teachers, IHS would not have such a great Foreign Language Department.

Gosh, it's funny how much Jeff Greisinger

BILINGUAL- IHS boasts one of the finest Bilingual Departments to be found anywhere. This is an important part of the education offered here at Independence, as many students in attendance here are not proficient in the English language.

This staff of teachers is among the most dedicated and important to be found on the campus. Without them, many non-English speaking students would receive an incomplete education.

that changed huh. He is soooo cute now. And I ➡

SOCCER STOPS. That's awesome. Now

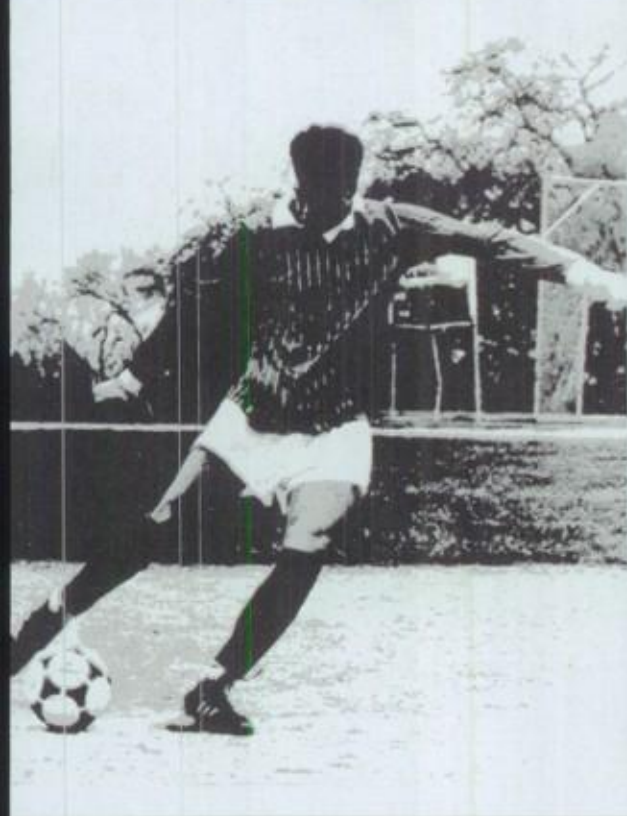

VARSITY

SOCCER for the 1983-84 season carried on the winning tradition of Independence. Although we lacked some of the outstanding talent of last seasons CCS Semi-Finalists, we were able to compile a league record of 6-2-1, while limiting our opponents to a meager 7 goals in 9 games. Contributing heavily to that cause were outstanding goalkeeper Dave "Doosher" Norman, 2nd team All-League stopper Raphael Gutierrez, and consistently sound play by sweeper Remie Wiebes, and fullback David La Roche. The offense had a slow start, but was able to gel in time to have a strong finish. Leading the Sixer attack were All-League performers **Chad Carson, Alex Meraz, and James Davis**, with forwards **Dan "the man" Mendoza, Erich Salas,** and midfielder **Dennis Leal** contributing their share as well. There was a good balance of youth and experience this year. It was a well played season, one worthy of Independence soccer. Thanks greatly to the fans that came out and supported us through this season!

GIRLS SOCCER TEAM had a great season finishing third in the league with a record of 6-3. Senior defenders **Cathy Gillespie**, **Adrianne Mohnhaupt**, **Bonnie Hunter**, **Patty Uribe**, **Tami McClintock**, and Junior goalie **Giselle Garcia** had an impressive year with six shut-outs credited to their record. Senior forwards **Susan Tilley**, **Grace Toste** and **Shannon Stuhr**, and sophomore **Cindy Marsh** scored a total of 36 goals this season. The team is looking forward to another great season next year.

VARSITY BASKETBALL team proved to be the most outstanding in the history of Independence High School. For the fourth year it captured the Independence-Fukushima Basketball title. As of this writing the team had also extended its *consecutive* win streak in league to 34, earning it a third ranking in CCS.

This outstanding team was led by Seniors **Daniel Weiss**, **Doug Koshiyama**, **Donald Staden**, **Willie Thomas**, Juniors **Ryan Hollenbeck**, and **Ray Villasista**, and Sophomore **Al Jackson**. Because of their great team play, they had compiled an overall record of 21 wins-1 loss as of February 3. It would be an upset if they were not to capture the MHAL Championship for the third straight year and perform very well in the CCS post-season tournament.

GIRLS VARSITY BASKETBALL team was a group of very **determined** young ladies. Starting off at a slow pace, the Sixers were in first place in the league with a 4-1 record. On Friday, January 13th, the girls defeated arch-rival Oak Grove in the *last one second* on a basket by **Diane Conrad**! When the girls win, they really earn their win. Scoring leaders were: Diane Conrad, Connie Tyler, Kim Dansie, and Lori Miyahara. By the time you read this, the Sixers hope to have won the South Division title and the MHAL championship. One thing is for sure: the girls tried their best. *left to right: front row- Candace Mayo, June Koshiyama, Lori Miyahara, Janet Krygier, Charlene Begay, Stephanie Arata. back row- Mrs. Barbara Taylor (Coach), Mina Hutchins, Connie Tyler, Kim Dansie, Angie Arata, Diane Conrad.*

The Sixer's goal was to bring IHS another championship and to continue the winning Frosh/Soph tradition. WRESTLING lost nine starters from last year's campaign, but the Sixers will be well represented with a young but very disciplined team under new head coach Jess Barajas. Senior Julian Palomino (114 lbs.) will contribute the bulk of the wins with added support from Sophomores Keith McGuire (105 lbs.), Ruben Gonzalez (119 lbs.), and Chris Barajas (126 lbs.). Seniors Derek Yamamura (134 lbs.), Steve Aiello (140 lbs.) and Robert Fernandez (165 lbs.) have also added some consistent winning performances. INTRAMURAL SPORTS this winter were typical of the free, pressureless atmosphere that the program was intended for. During this period, there were many athletes participating in a wide range of activities. Among these were Indoor Soccer, Bowling, 4 on 4 Basketball, Badminton Mixed Doubles, Club Volleyball, and the climax of the Villa Track Meet. All in all, the participants and the season exemplified the **true free spirit** of Intramural Sports.

C **HESS TEAM:** This year marks the first time that the IHS Varsity Chess Team has been covered in the yearbook along with the other sports. This is the seventh season that Independence has had a **Chess Team**.

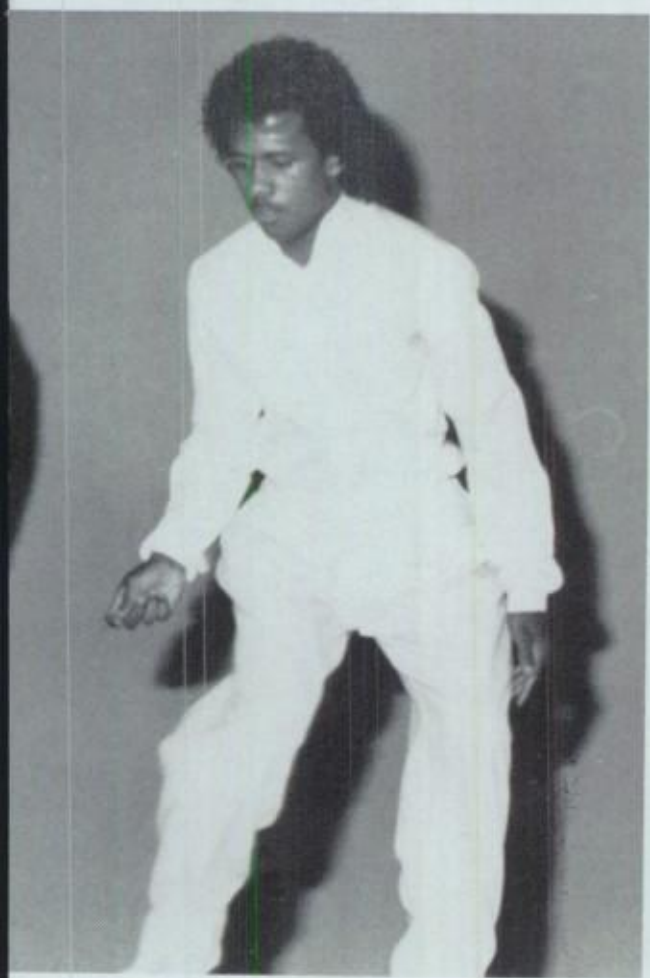

Block letter awards have been made to team members since 1980. That season also saw the 76ers become league champs with an undefeated, unbeat record. This season the Sixers finished the league season with a record of 9 wins, 1 loss, and 1 draw and this was good enough for second place in the league. Three team members earned All Star Team selections at their boards; *Van Dam* at Second Board (First Team), *Gary Pardo* at Fifth Board (First Team), and *John Liao* at Sixth Board (Honorable Mention). Then the team went on to finish second in the Northern California Championships. The team loses two graduating seniors this year; *Van Dam* and *Bill Harmon*. The 83-84 76er Varsity Chess Team members are; *John Lam*, *Van Dam*, *Jade Collado*, *Fred Woertman*, *Gary Pardo*, *John Liao*, *Bill Harmon*, *Alejandro Carreon*, *Armin Mirafitabi*, *Tony Dimalanta*, *Hai Do*, *Dominque Hoang*, *Kevin Bell*, and *Fred Maestaz*.

For the first time since the existence of the school, the Jack Emery Drive was televised later that evening on the Channel 7 news.

MIRACLE WORKER - "Tearjerking", "excellent", "breathtaking", and "touching" are all words used to describe the Performing Arts presentation of "the Miracle Worker". This play was "a tribute to one of the most remarkable woman in our nation's history-Annie Sullivan". Marcia Trask (Annie Sullivan) and Robin Veder (Helen Keller) worked together in a way that made the audience feel as if they were actually living on the Keller homestead. "The Miracle Worker", was chosen as one of the outstanding high school plays in Northern and Central California by a committee of judges of the American Theatre Association. The play was selected for presentation at the Secondary School Theatre Associations Festival in Lodi, California on January 15. This is the highest honor that can be bestowed on a high school play. This was definitely one of the best plays ever produced on the IHS campus.

INTER Sports Rally- Excitement filled the gym as the Winter Sports Rally began. This rally introduced the boys and girls basketball teams, the wrestling, and the soccer team. It gave recognition and introductions of the actors in "Miracle Worker", one of the top three ranking productions on Northern California. Andre Riley, one of the best running backs in Independence history, was introduced as a player selected for the All Bay Area's First Team. This rally also was another chance to introduce the many other talented students in Independence High.

DANCE Concert—Many long hours of endless rehearsal went into this year's Dance Concert. "Independance" included ballet, street, jazz, and many other forms of dances. The show was superbly designed, and kept the audience captivated throughout its two hour time span. The costumes were beautiful, and the stage sets creatively added to the dances. All the dancers worked together to present an outstanding performance.

INTRAMURAL

sports hopefully made your 1983-84 school year an enjoyable one. Highlights of the popular lunch time activities like Coed Volleyball, Badminton, Flag Football, Basketball, etc., brought sportsmanship, teamwork, and fun to the "new school atmosphere." Getting together with friends — new and old, in events such as the intense competition of the *Battle of the Classes* helped create everlasting bonds and fond memories of the **Spirit of the 76ers**.

INTRAMURAL sports for Spring consisted of Table Tennis, Four on Four Basketball, Volleyball, and many others. The Sixer spirit continued to keep enthusiasm in every area, while pride was established through the force of competition. It was a great way to close off the Intramural season.

B OYS TRACK for the 1984 season proved to be one of our strongest teams ever. Led by Coaches Bradley and Dowell, most of our previous year's performers returned for another supportive season. **Carey Nobles, Andre Riley, Lonnie Jackson, William Dudley, Joe Rancadore, and Paul Bragg,** being our strongest competitors with a positive attitude, gave the team spirit and goodwill.

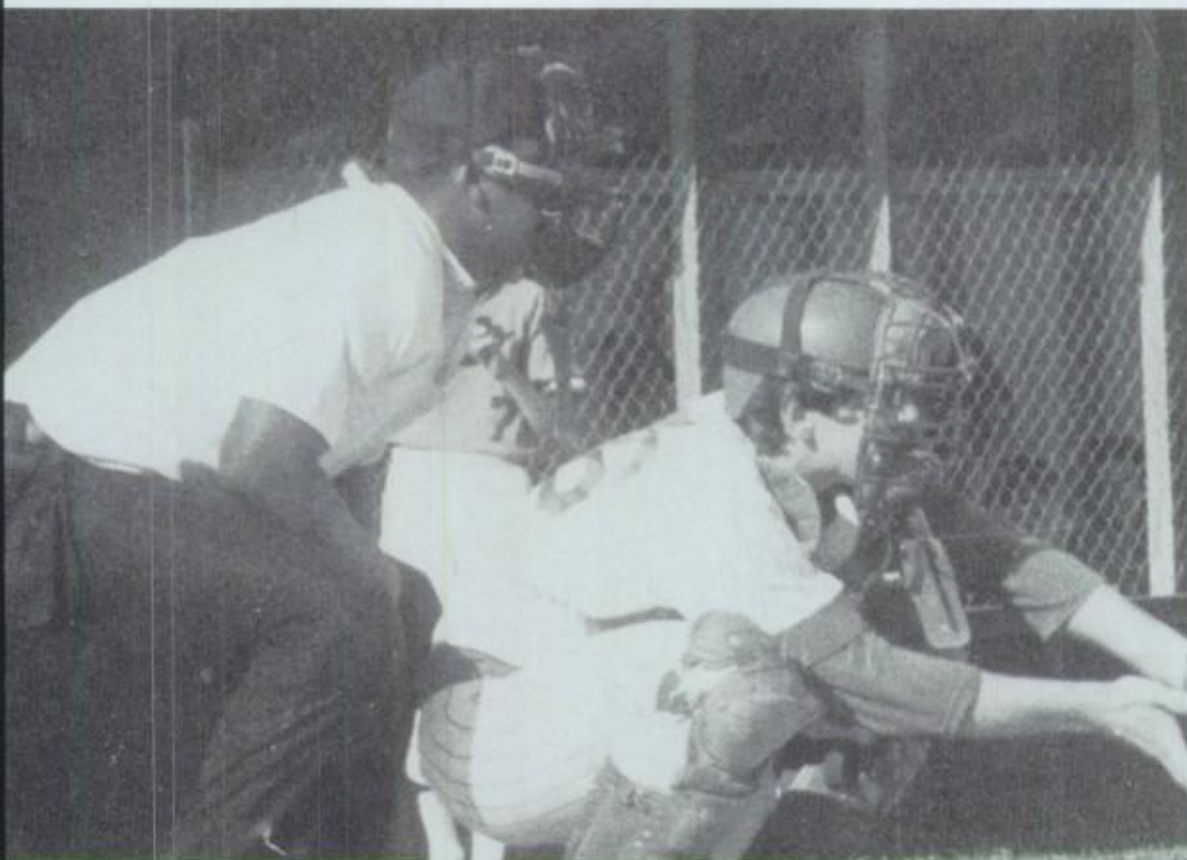

G **IRLS** *TRACK* team had a very good year with many returning athletes from the 1983 season. Each team member deserves *special* attention for her time, effort, and hard work that track demands. This year's leaders were **Mina Hutchins, Barbara Bullard, Kelly Catto, Ginger Jordan, Lisa Smith, and Stephanie Arata.** Hopefully our next year's team will be just as powerful.

Sports

F **ROSH/SOPH** BASEBALL team, for this year, is one of the finest in the history of Independence High School. The team is led by Sophomores Doug Kiskilla, Jeff Hunt, Jose Garvey, Tim Lowry, Mike Limea, Mike Rood. Freshman standouts are Antoine Goodwin, Eddie Silva, John Kohler, Frank Vega, and Willie Moore. The record at this time is 5-0, with wins over Piedmont Hills 27-0, and Silver Creek 17-0. The teams potential for this season is awesome.

Exceptional performances are expected from **Gil and Brent Hoge, Steve Wilkie, John Bracken,** and sophomores **Bob Reichert, Al Jackson, and Tom Terlep.**

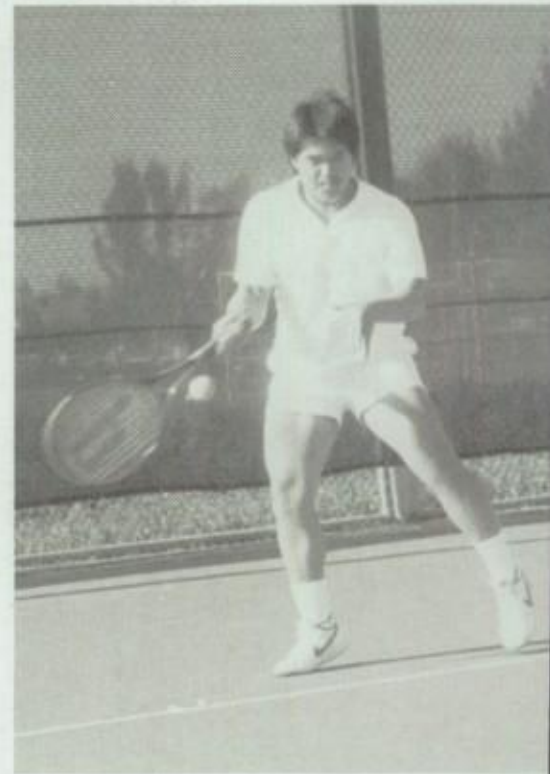

left to right: Joe Bidinger, Reggie Webb, Al Hernandez, Tony Terlep, Mario Martinez. **middle row:** John Bracken, Dustin Tilley, Danny Ornelas, Steve Wilkie, Bobby Reichert, Gabe Ramirez. **back row:** Coach Alvarado, Mike Tate, Gilbert Hoge, Ken Brown, Brent Hoge, Manuel Valdivia, Al Jackson, Russ Moreci.

SOFTBALL

season outlook for 1984 seems to be a bright one. With seven returning players and eight very talented newcomers, a successful season is in store.

We have strong and powerful hitters in **Maria De La Rosa**, **Lisa Amaral**, and freshman **Alba Diaz** to provide the punch at the plate. Crisp fielding from **Susan Tilley**, **Cathy Lucero**, **Letty Chavez** and **Kathy Story** will keep our opponents off guard and off the bases. Our pitching is sparked by senior **Janet Krygier** and combined with catcher **Mary Hamm**. They will be a duo hard to beat.

Overall, our team is young, strong, and dedicated. They work hard and keep an open mind. I see them as achievers!

LIBERTY

WITH dedication and energy, the talent of the Liberty Staff was reflected in every issue produced in 83-84. Under the leadership of three-year veteran Paula Barzola, our editor-in-chief, the twelve members of The Liberty designed, edited, produced and photographed campus events giving each issue full coverage on current issues as they affected IHS.

These people worked to support staff members thinking up story ideas, headlines and photo essays. Our goal throughout the year was to report events and deliver a timely issue that would appeal to the IHS Community.

The Liberty staff was also responsible for producing three issues of Community Closeup, the School Improvement Program Newsletter mailed to all parents.

Another facet of a Liberty staff member's job was to write copy for The American. The staff members have taken this responsibility as another opportunity to perfect their craft — these two staffs have joined on numerous occasions to show the publications team of Independence High as competent, dedicated and responsible in seeking quality in journalism.

Our other staff members included outstanding writer and sports editor, Larry Kyzer, Managing Editors Anees Khatri and Ori Dixon, Photographer John Rosario, Photo Editor Monique Rodriguez, Advertising Manager Joyce Varley, Circulation Manager Sue Uribes, Page Editor Suzie Racho and reporters Cari Boyd, Laura Almaguer and Ron Valenzuela. Former Staffers for the first semester who will remain part of The Liberty experience 83-84, are Doris Aguinaldo and Sonja Johnson. Penny Merced and Don Lewis and Pam Thompson gave their energy to The Liberty with proofreading and photography, even though they were never enrolled in the course.

With the help of Mr. Vince Bernucci as technical advisor, we have continued the tradition of quality journalism on our campus.

These staff members realized throughout the year the many hours they gave were to insure all Sixers at IHS of a current publication. We will continue to challenge ourselves with each upcoming issue and consider it an honor to represent IHS in this way.

WELFTH NIGHT

NIGHT- Shakespeare has now become a part of the IHS repertory. Under the direction of Mr. Bill Rice the IHS theatre produced "Twelfth Night", a story of a pair of twins, who are stranded in Illyria. Each thinking the other's drowned. Viola disguises herself as her brother, Sebastian. This ends up with a comic case of mistaken identity and mass confusion. The characters are: Orsine played by J. Folmer, Sebastian R. Bennett, Antonio B. Bartell, Sea Captain G. Baker, Curio K. Wells, Sir Toby Belch N. Kaplan, Sir Andrew Aquecheek M. Mann, Malvolio T. Tira, Fabian L. Harris, Feste J. Johnson, Slivia S. Malik, Viola C. Fillmore, Maria J. Prickett, Priest P. Krug, Attendants to the Duke J. Bench, T. Lopes, Attendants to Olivia, R. Barcellos, S. Sioblom, Musicians, S. Harrington, A. Cortez, B. Sanford, and K. Morrow.

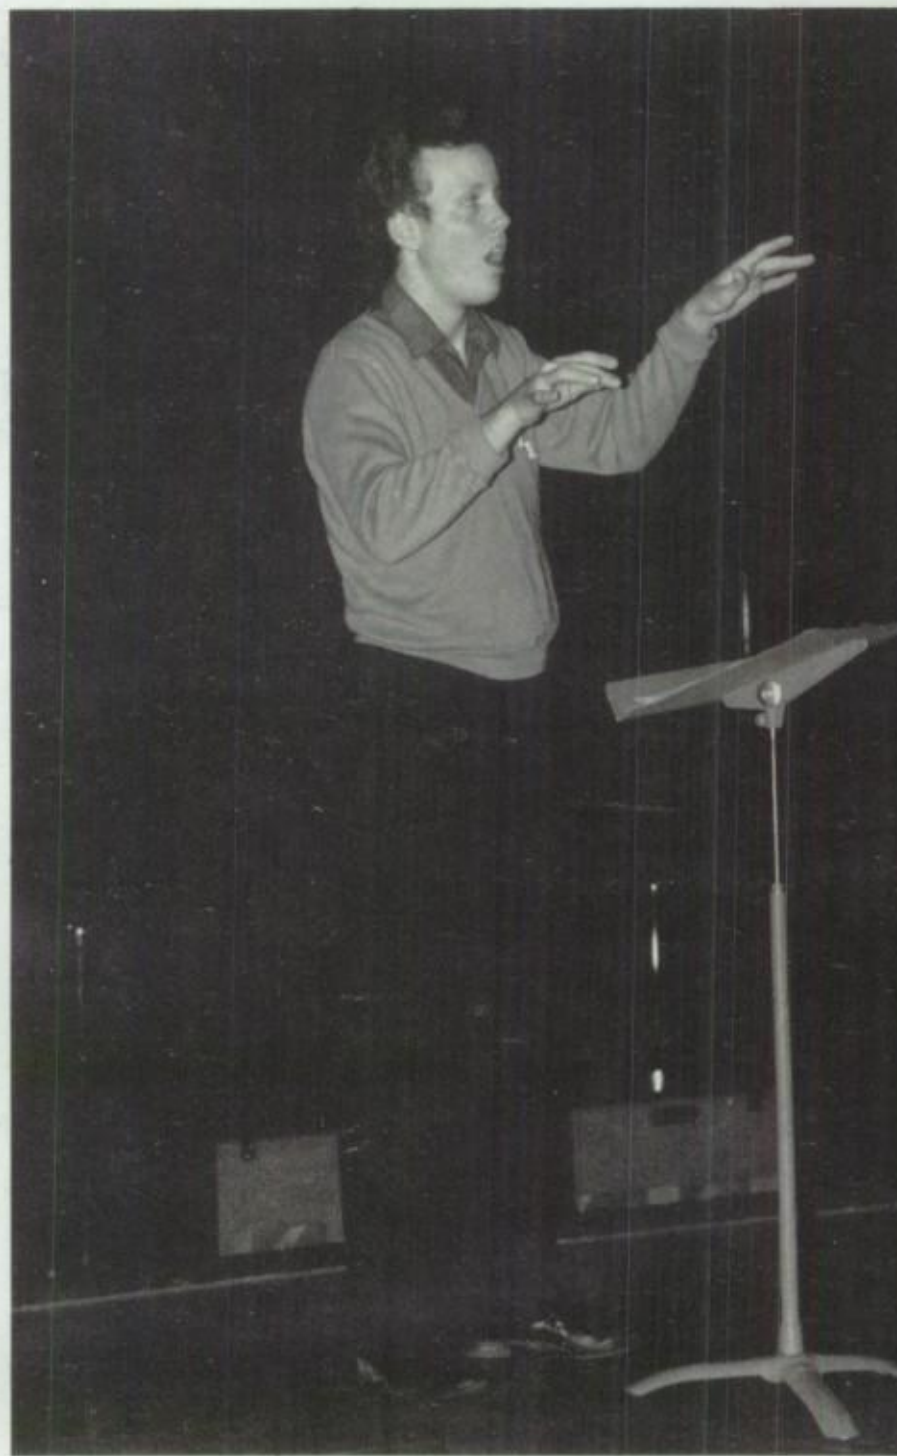

Activities

USICAL- The Musical Comedy Productions Choir is made up of young people who want to sing, but little or no vocal training. The purpose of the MCP Choir is to give students a vocal preparation for the spring musical, "Damn Yankees," and their are approximately 70 voices in it. Some of their performances include the spring musical and the Jack Emery Drive Rally. They are directed by teacher administrator Mr. Bob Russell and teacher Mrs. Cathy Bullock.

AZZ CHOIR The Jazz Choir has been in existence one year since Christmas, 1982. Consisting of 29 voices and three jazz musicians, these talented young men and women have toured both locally and as far as Reno, Nevada to San Diego and Disneyland. They are directed by Mr. Bob Russell.

Activities

AMN

YANKEES- This year's spectacular musical comedy production is *Damn Yankees*, the story of a man who sells his soul to the devil to see his favorite baseball team, the Washington Senators, win the World Series for once. With the help of Mr. Applegate and his lovely assistant, Lola, he sets out to win the World Series for the Senators. This production features the songs "Heart" and "Whatever Lola Wants". The cast is M. Pound (Joe Boyd), S. Malik (Meg Boyd), N. Kaplan (Applegate), C. Fillmore (Sister), J. Prickett (Doris), M. Mac (Gloria), J. Folmer (Sholess Joe Hardy), R. Jones (Welch), S. Johnson (Lynch), S. Temple (Reporter #2), J. Ward (Reporter #3), S. Benning (Lola), K. Gibson (Miss Westson), M. Manh (Commissioner of Baseball), J. Larios (Henry), S. Pena (Shohovik), R. Bennett (Semkey), T. Shinn (Vernon), J. Moore (Lowe), J. Roa (Mickey), F. Richardson (Bouley), A. Apostol (Bryan), B. Bartell (Rockey), C. Barley (Del), W. Walter (Chuck), M. Doyle (Billy), and R. Gray (Van Buren). This production is directed by Mr. Paul Dolan and choreographed by Mrs. Debbie Amable-Chunn and Mrs. Pat Pierson. The musical director is Mr. Bob Russell and the Vocal director and costumer is Ms. Cathy Bullock.

VALENTINE'S DAY DANCE- The sweethearts of Independence were seen February 11, 1984 at the Valentine's Day Dance. The dance was a successful one with the Independence Black Student Union sponsoring it. BSU's hard work and effort made Independence's first Valentine's Day Dance a hopeful tradition to pass down through the approaching years ahead. Couples received a chance to take pictures of the spirited occasion and dance the night away with each other. The Valentine's Day Dance will be a treasured memory of high school, for the sweethearts who attended.

SENIORS-

The class of 1984 will leave Independence with a legacy of an enduring spirit through its season of change. They have had the opportunity with their four year association with Independence to have seen the beginning of a new era for the Seventy-Sixers. They can remember with pride, the influence of previous classes, yet know the class of '84 has given IHS a sense of its own uniqueness.

The class of 1984 has been one dedicated to meeting the challenges of four years of hard work and reward. Whether it was cheering at football rallies in the freshman section four years ago, working successfully toward a driver's license during their sophomore year, a date with that special person for the Junior Prom or anticipating a tearful goodbye to teachers and friends they must leave behind in June, our seniors must close one door and yet lead themselves to another. As leaders of IHS, Seniors have had a

strong sense of pride—being a part of an outstanding student body will continue to be one of the high points throughout our life times.

PPORTUNITY-

Among the many schools in the Bay Area, let alone the entire state, Independence High School is one of the reputable schools known for its opportunities. It mainly focuses on employment and career based opportunity. Within this spectrum, the

students can and do chose from such classes as advanced photography, graphic design and workshop, banking, commercial art, theatrics, etc. . . . Yet, Independence's curriculum also focuses on personal involvement. There are opportunities in clubs, such as foreign languages, art, chess, etc. . . . To list and or mention all of Independence's tremendous

amounts of opportunities available would be taking away the thrill of experiencing it all. And experience is what is gained! (clockwise from pg. 292-upper left)-1) Funny, Mark! 2) The "Liberty" in creation 3) It's a vase! 4) Guess who? 5) A steady hand 6) Another deadline . . . HA. HA! HA!!

REE- To be FREE is life's greatest treasure. We are free to grow in different directions and free to choose which path in life we will take. This gift of freedom has always been found at Independence. Freedom of choice, speech, writing, expression, and even religion

can all be discovered on our campus. Because of this free atmosphere, we can relax and enjoy what is going on around us. We can then go out into the world free to shine for the fantastic school we represent. *CLOCKWISE - 1) Over here! Over here! 2) That's the silliest thing. . . 3) Giselle, stop clowning around 4) Let's check out what's going on 5) Meet*

the real Mr. Dotson - next, I'd like to sing. . . 6) I.H.S.'s cross country team 7) Mr. Bernucci doing what he does best, or just his best side.

REDIBILITY- is something anyone and everyone needs. Because our studentbody is so large, it is hard for the outstanding to really be totally recognized, especially since our entire studentbody is so outstanding! Within our campus life, we have

literally a combination of leaders and record setting all-stars. Most of these people are publicly or socially recognized. Yet, there are many people, if not all of the people, whom are titled as students, who do not get full, if at all any, credit for their outrageous uniqueness. We now hope to, officially, give credit to all of you who apply to

being outrageously unique, with growth and direction . . . to everyone. *CLOCKWISE - 1)Oops, my wig! 2)No one understands me! 3)The ideal locker room? 4)A perfect pose 5)Wild crowd! 6)Precision crafting.*

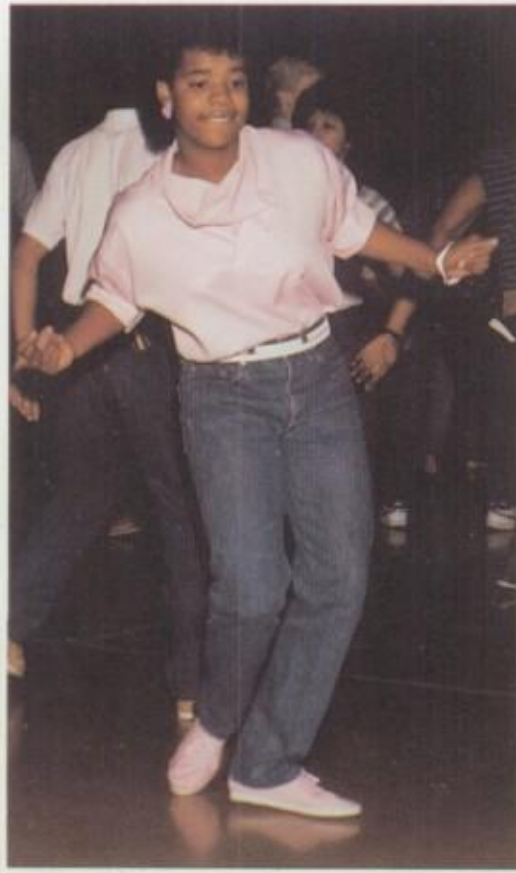

That's my Baby Doll !!!

That's my
guy.

ETERMINED-

Independence is known for it's determined people. We are determined in a sense that when we leave Independence, we will unwaveringly carry on that Sixer Spirit. We are determined to always hold our heads up high with that Sixer Pride. At times, we

may do things out of the ordinary but determination is evident in everything we do. **CLOCKWISE** - 1) Get down Kandis 2) smack 3) Simon says, "Touch your nose!" 4) I have to tell you a secret 5) Do you like my necklace? 6) Dana Fillmore struts as the VPA dancers welcome alumni during homecoming. 7) Variety

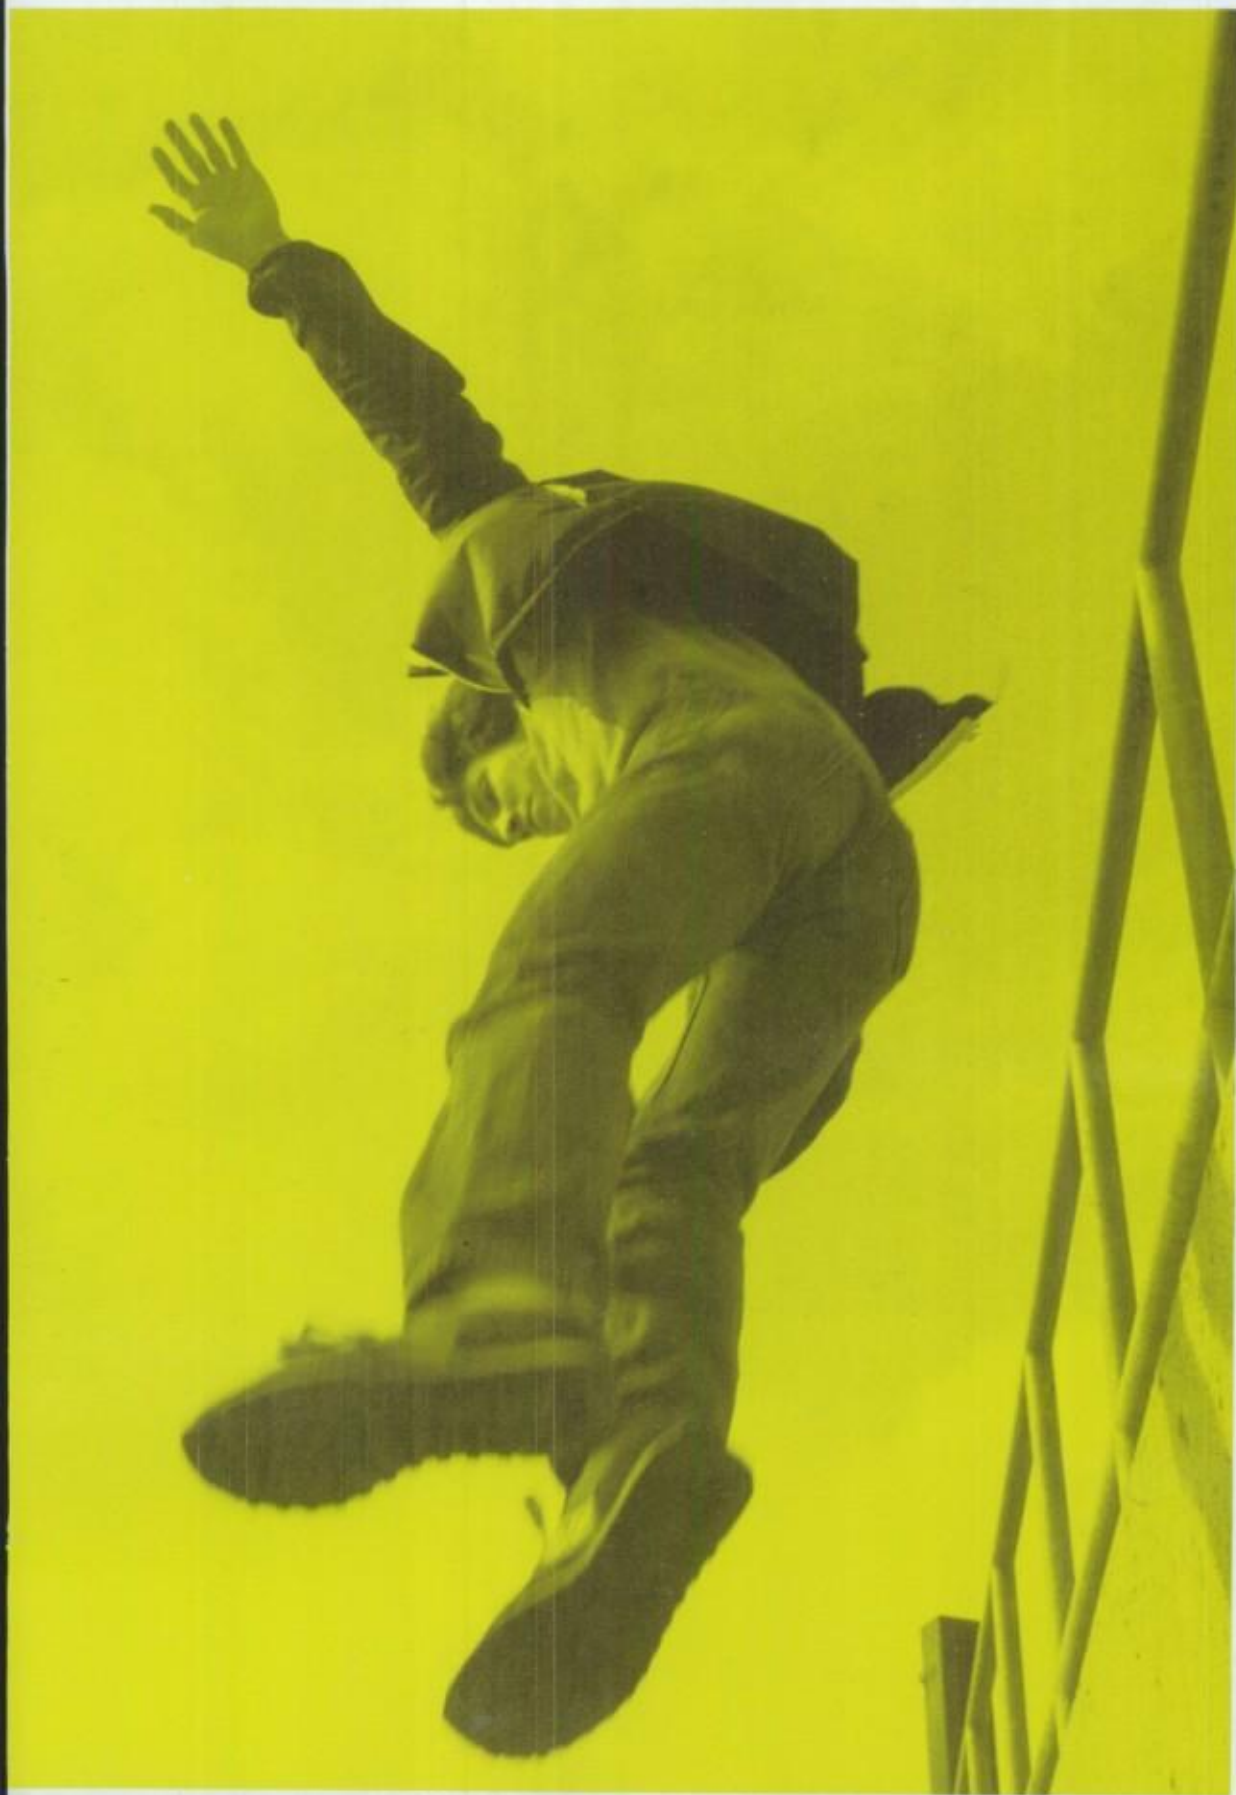

ESIGN- Yes, it seems that the people who put this novel of a yearbook together finally discovered art design. In the "Silicon Valley", as we now call the area in which we live, there has been many creations and many supporters of these cre-

ations. Among these creations is the Graphic Communication Design concept, as seen and used in magazines, television, and now . . . yearbooks . . . or at least it is a major part of ours now. This year's yearbook staff decided to call everyone's attention to our school and its uniqueness, with the technique of modern design. This accom-

plishment is just another example of this school's prospering flexibility to express itself and its students. *CLOCKWISE - 1)Varoom, varoom! 2)The I.H.S. flight training class 3)Where'd everybody go? 4)Hmm, Dallas over Washington, L.A. over San Diego . . . 5)No! It's my penny! 6)Don't ask! 7)Stagnet energy. 8)The best seats*

in the house!

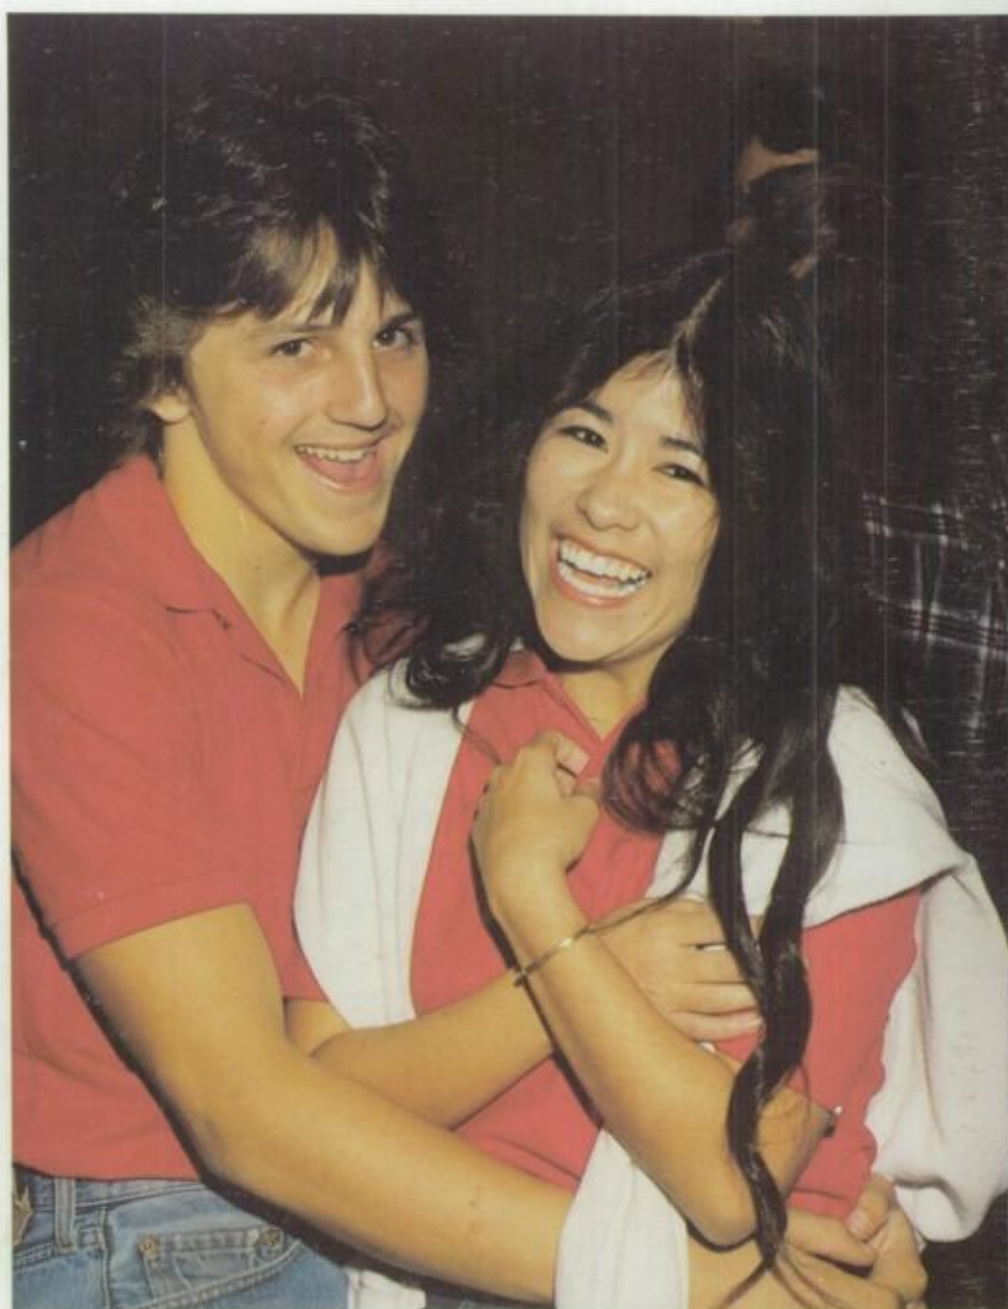

TOGETHER, day by day faculty and students join to educate and be educated. To erase barriers which keep us from achieving our dreams. Working as one unit to insure promising futures. Together as a student body we have cheered our teams to victorious heights. Reaching for the unreachable. We have worked continuously to make IHS a proud and

honorable name. Together we have experienced happiness and sorrow through education and friendship. We have grown and watched this growth among ourselves. Together we have inspired ourselves to become productive individuals. Together we will part IHS, individually leaving treasured memories of togetherness. *CLOCKWISE - 1) Heard any good stuff lately? 2) London Bridges 3) Sixer Spirit 4) Administration getting educated*
